Viet Buddhist Leaders Appeal For Moderation

Rebels In Hue Get Ultimatum From Ky

SAIGON (UPI)—Six Buddhist leaders met for two hours tonight with Premier Nguyen Cao Ky to press their demands that the military government resign. There were new street demonstrations in Saigon tonight and a Buddhist girl burned herself to death in Hue.

Crowds of young Buddhist demonstrators took to the streets again tonight only hours after Buddhist leaders appealed for moderation and asked Buddhists not to burn themselves to death unless asked to by the church. The girl in Hue was the fifth Buddhist to burn to death in three days.

The Ky government issued an order to Buddhist-led rebels in Hue, giving an "or esle" ultimatum to them to lay down their arms, tear down their barricades and surrender the city's radio station. The "or else" was not spelled out.

SAIGON TENSE

The situation remained tense in Saigon and Hue, but Premier Ky airlifted food today to the rice short city of Da Nang where his troops crushed an anti-government rebellion last year. Barbed wire still ringed the heart of the former rebel stronghold, but plane crews arriving with food were met by girls who strung flowers around their necks.

The ultimatum was directed specifically to the teenage "struggle group" organized by the Buddhists and taught by rebellious troops to use rifles and hand grenades.

The Americans remaining in Hue—42 U.S. civilians left the city Friday—were warned to be on guard against attack by teen-age rebel mobs like the one sacked and burned the U.S. Information Service library last week.

DRIVE FALTERS

Despite the weekend's fiery suicides—two in Hue, one in Saigon and one in the resort town of Dalat—the Buddhist drive to overthrow Ky appeared to be faltering.

Some 500 students who held an anti-government "seminar" today in Saigon's University of Pharmacy were attacked by pro-government youths and one of the anti-Ky group was knifed.

Meanwhile warplanes bombed and strafed targets near Hanoi and other major North Vietnamese cities yesterday in the heaviest single day of attacks since raids on the Communist

Civic Center Fair Hiring Issue Argued

An attorney for Operating Engineers Union Local 3, accused of discriminating against minorities, went on the defensive before Marin County supervisors in an hour-long session today that brought lots of heat but little light to the problem.

Supervisors, trying to get Negroes and other minorities on the Hall of Justice job, first sampled attorney P. H. McCarthy Jr.'s arguments Aug. 12.

CLAIMS CHALLENGED

At that time McCarthy said the union was in compliance with the Fair Employment Practices Commission's requirements and had three investigations proving it.

Representatives of the FEPC, however, said this was not exactly true and asked for equal time today.

Donald Henry, area supervisors for the FEPC, said there had been many complaints, that the union was difficult to deal with, and that McCarthy had put out orders to "tell the FEPC nothing."

'LETTER, NOT SPIRIT'

Cruz Reynoso, assistant chief of the commission, told the board the union complied with the letters of law, but not with its spirit.

Henry, quoting from a report on the union, said McCarthy was an "adroit and formidable enemy of FEPC."

The FEPC figures showed about 24,000 members of the local, covering most of the western states, with at the most 20 Negroes, these being self-employed.

McCarthy said he had no figures that could support or refute this.

At the start of today's session, McCarthy tried to prevent any discussion by saying that he had not been fully informed on what the FEPC representatives planned to say.

Actually, the operating engineers phase of construction on the Hall of Justice is about over.

William S. Nock Dies In Hospital

William S. Nock, elected five times mayor of San Rafael from 1933 to 1947, died yesterday in a Santa Rosa hospital after a short illness.

A native of San Luis Obispo, Nock came to San Rafael in 1919 and, six years later, opened a real estate and appraisal business which he had continued ever since. The present office is at 1018 B Street.

He was first elected mayor in 1933 and served for two years. He was returned in 1937 and after losing to Richard J. Ellis in 1939, he was re-elected in 1941 and served through 1947.

During his terms in office, he was director of the North Bay unit of the League of California Cities.

In 1942, he was appointed state inheritance tax appraiser. A Republican, Nock was retired from the job by State Controller Alan Cranston in 1959.

Nock was a member of the Benevolent and Protective Order of Elks, San Rafael Lodge 1108. He was a charted member of the San Rafael Rotary Club, Marin Rod and Gun Club, and Marin County Real Estate Board.

His home was at 1218 Grand Avenue, San Rafael.

Survivors are his wife, Eleanor Murray Nock, and a brother, Leo A. Nock of Cambria, San Luis Obispo County.

Requiem Mass will be offered at 11 a.m. Thursday at St. Raphael's Church, San Rafael. Burial will be in Golden Gate National Cemetery, San Bruno.

A memorial service by San Rafael Lodge 1108, B.P.O.E., will be held 7:30 p.m. tomorrow at Keaton's Mortuary, San Rafael, followed by recitation of the Rosary at 8 p.m.

Theft Of Three Guns Linked To Slaying

Theft of three guns last August in West Sacramento were linked today to the Labor Day killing of San Rafael bartender Mario Ferrari.

Two of the stolen guns were identified in Marin County Superior Court, where Mark C. Osuna, 30, and Jack R. Gorman, 36, are on trial for the murder at the Mission Inn.

Norman Miller, an unemployed mechanic, said the .22-caliber Buntline single-shot special and the .38-40-caliber single-shot revolver were taken from his West Sacramento home on Aug. 25. He said $1,000 was also taken.

Leo Albertoni, co-owner of the inn, had previously identified the .22 as being carried by the "blondish" gunman and the .38-40 as used by the "dark complected" gunman who held him prisoner for two and one-half hours before the slaying of Ferrari.

Albertoni has also identified Osuna and Gorman by their eyes as the two gunmen.

Miller gave the serial numbers of both guns, which had been reported to the Yolo County sheriff's office in August, and further identified the .38-40 by repairs he said he had once made.

Before Miller testified, Dorothea Rose Caldwell, 16-year-old high school sophomore, repeated under cross-examination her account of seeing two tall, hooded men fleeing beneath her bedroom window shortly after 3 a.m. on Labor Day.

She said she heard two shots and then saw the men run through the parking area across B Street from the inn.

Brown Signs Used Car Smog Law; Legislature Longs To Adjourn

SACRAMENTO (AP) — California got an important new anti-smog law today, aimed to eliminate most air pollution coming from exhaust pipes of used cars.

Meanwhile, the legislature returned to the Capitol to take up a lengthy session that has gone on for 114 calendar days and still finds the major issues unresolved.

Gov. Brown, campaigning hard in Southern California for the June 7 primary election, signed the smog bill at 9 a.m. at a state pollution testing laboratory in Los Angeles.

The major measure and three other minor bills "increase California's lead over the rest of the nation in the fight for clean air," the governor commented.

"But smog is not going to disappear overnight. Because of coninuing growth — both people and motor vehicles — we will have to step up our efforts to bring smog under stricter control."

The bill by Assemblyman Tom C. Carrell, D-San Fernando, applies only to cars built from 1955 through 1965 which change ownership after the law takes effect.

In addition it applies only to all or part of 10 urban counties with smog control districts — and most of the cars. They are Alameda, Marin, San Francisco, San Mateo, Santa Clara, Los Angeles, Orange, San Diego and western parts of San Bernardino and Riverside counties.

And, it can be put into force only when the state has officially approved an exhaust device that costs $65 or less to buy and install; costs a maximum of $15 a year to maintain; and lasts for at least 50,000 miles.

No such device has been approved yet, and Motor Vehicle Pollution Control Board engineers expect it will be 1968 before the law becomes applicable. To avoid a monopoly for one company that would mean a multi-million- dollar windfall, the bill requires the firm first developing the exhaust equipment to cross-license it so that others may enter the field competitively.

A law passed last year requires exhaust anti-smog devices on all new cars sold in California this year.

Brown said he hoped the new law "will lead industry to work harder to design such a device for used cars. American industry has produced equipment to hit the moon with a rocket and take closeup photos of Mars. It certainly can produce a device that will mean cleaner air for California."

He added: "Clean air is no longer free, but it costs us less than dirty air in the long run."

The legislative session that gave the governor his smog bill dragged into its 114th day with the only decision in sight one whether to stick it out in Sacramento or take a break of about two weeks until after the election.

The $4.64 billion budget and other items are stalled in a Senate-Assembly disagreement over the entwined issues of higher legislative pay, tougher conflict of interest rules and revision of the State Constitution.

An informal two-house compromise committee was to meet during the day seeking a solution. If no progress was reported, it was planned to submit a resolution calling for an immediate recess of the meeting until about June 13.

This already is the longest election-year session since 1878, and the second longest special session in history.

Midnight Today Is Deadline For Medicare Signup

Midnight today will be the last chance for persons over 65 to enter the medicare voluntary doctor bill insurance plan, without a wait of several months.

Applications postmarked before midnight will be honored, but Patrick Stevens, head of the U.S. Social Security office in San Rafael, said his office will not be open tonight. The office stayed open yesterday for persons who wished to sign up.

Stevens said sign-ups in the past two months have been minimal, about one per cent of those who joined the program before March 31, the original deadline which was extended two months by Congress.

White House Silent On Hanoi Peace Hint

WASHINGTON (AP) — The White House had nothing to say by way of confirmation or denial today of a magazine report that North Viet Nam had made overtures for peace talks through Romania.

Press secretary Bill D. Moyers told reporters he could assure them that if anything in anyway resembling an offer to talk were to come from the North Vietnamese "this administration would seize on it with eagerness and hope." Newsweek magazine reported yesterday that Communist Diplomats in Washington were the source of its report of a North Vietnamese peace. move.

Strongbox Safe After Explosion

OAKLAND (AP) — Safecrackers caused an estimated $20,000 to $30,000 damage in the Chabot Municipal Golf course clubhouse early today.

They used a charge of dynamite in an attempt to blast open a safe. The strong box, which came around Cape Horn in the days of the old clipper ships, withstood the explosion.

But virtually every window in the building was blown out, $3,000 worth of golf equipment was destroyed and there was some structural damage to the club house.

Reliable Soviet sources said Shostakovich, 59, was stricken in his home city of Leningrad. The composer was believed to have been moved to Moscow for treatment.

Shastakovich

Shostakovich was stricken the day before an appraisal he wrote of the Tchaikovsky Music Festival appeared in the Communist party newspaper Pravada.

Tass, however, gave no details of his "illness" and Western newsmen first learned of its serious nature when a top official of the Moscow Conservatory mentioned rumors that Shostakovich suffered a heart attack.

Boy Linked To Priest's Slaying

SAN JOSE (AP)—Police arrested two youths and questioned three others today in the tire iron robbery-slaying of a priest and a warehouseman.

Chief of Detectives Bart Collins said Tony Espositio, 17, and Jack Brito Jr., 16, had admitted the bludgeoning killing of Eugene Silva, 40, a warehouseman of Santa Clara.

Rev. Cox

Brito, the detective continued, also had admitted taking part in the fatal beating of the Rev. John D. Cox, 31, a Roman Catholic priest.

Collins quoted the youths, both San Jose high school students, as saying they were part of a gang that lured victims to secluded areas where they were ganged, beaten with tire irons and robbed.

Father Cox, en route to visit his mother in Salinas, stopped in San Jose to pick up Brito.

Brito signaled other youths to follow. Brito grabbed the priest who was then jumped by other youths.

Neighbors frightened off the youths and the priest, who was not wearing clerical garb, got back in his car and started northward. At Sunnyvale, north of San Jose, he got out of his car and collapsed. He died seven hours later at a hospital in Mountain View.

In the clutch's first demonstration, Nelson volunteered to climb behind the wheel and promptly piloted the second-hand test car into a brick wall. Nelson survived and the clutch went on to become the industry standard. The company, now Borg-Warner's Borg & Beck division, has produced an average of 1 million clutches a year since 1929.

Higher U.S. Loan Interest Held Crippling

WASHINGTON (AP)—The Agency for International Development says higher interest rates on U.S. loans to developing countries will cripple American assistance in promoting economic progress overseas.

AID said in a statement yesterday the development of backward countries already is threatened by climbing debt costs. An interest hike, it said, would cost the equivalent of $400 million a year worth of U.S. aid appropriations.

VOTE IN SENATE

The Senate Foreign Relations Committee has voted to raise the interest rate on development loans from 2.5 per cent to the rate currently charged by the U.S. Treasury for long-term borrowing. The Treasury rate now is 4.5 per cent.

AID also objected to the committee's rejection of President Johnson's plea to put the overseas assistance program on a five-year basis. The committee voted to keep the program on a one-year plan.

The committee's action last week occurred as it worked on the $3.4-billion AID authorization bill for the year starting July 1.

RISE IN DEBTS

AID noted that external debts of developing countries rose from $10 billion in 1955 to $30 billion in 1964. Interest payments, it said, increased from $800 million to more than $4 billion in the period.

"AID minimum loan terms are already hard enough — if they are not too hard," the agency said. An increase, in U.S. rates, it added, would impair U.S. efforts to get other advanced nations to soften their foreign aid loan terms.

Why Javits Wants To Be On Ticket

By JACK BELL

WASHINGTON (AP) — It is an American tradition that no politician runs openly for vice president. Sen. Jacob K. Javits isn't exactly breaking that tradition but he may be bending it.

In a field where few men care to publicly venture, Javits quietly is trying to narrow down — to himself — the GOPs' choice of a 1968 vice presidential candidate.

Although the New York Republican insists publicly he has made no decision, he has told friends privately he would be willing to give up his Senate seat to get the Republican second-place nomination two years from now.

Javits' current term expires in 1969 and New York has no provision by which he can run for both the Senate and vice president.

SEN. JACOB JAVITS
Would be a first

Behind Javits' willingness to risk his political future is his desire to become the first Jewish candidate on a major party ticket. It is his private opinion that this would be a crowning achievement for a political career in which he has gone all out for civil rights.

It also is Javits' view that if John F. Kennedy had not won the Democratic presidential nomination in 1960, it would have been another decade before a Roman Catholic breakthrough in the political field. He feels the Jews may be 10 years away from a similar achievement if he fails to get the second place spot in 1968.

Republican Gov. Nelson A. Rockefeller of New York has gone a long way toward linking Javits' vice-presidential aspirations to the presidential hopes of Gov. George Romney of Michigan.

In a Garden City, N.Y., speech last week, Rockefeller said he had bowed out of the presidential picture "forever" and suggested that Romney and Javits should share the top spots on the 1968 Republican ticket.

The New York governor also said he would be in favor of Javits' running for the 1968 nomination as a favorite son candidate from New York.

If Rockefeller is re-elected, Javits' friends will be reminding him of the favorite son support. If the governor should lose, the delegation will be Javits' by default.

These prospects put the New York senator in a potentially powerful position to have something to say about the top nomination. He doesn't necessarily have to hitch his aspirations to Romney's wagon.

Japan Left Again Hit Sub's Visit

TOKYO (AP) —About 30,000 leftists renewed their protests tonight against the first visit to Tokyo Bay of a U.S. nuclear-powered submarine. The mass demonstration in the neary port city of Yokosuka was described by police as orderly.

Earlier leftists protested to the U.S. Embassy in Tokyo.

About 12,000 persons staged three demonstrations at Yokosuka yesterday as the submarine Snook docked at the U.S. naval base there to give the crew five days of rest and recreation.

The demonstrators were brought to the port 30 miles south of Tokyo by the Communist and Socialist parties. Police said 30 policemen and 21 students were injured in clashes yesterday and another 20 persons were hurt Sunday, when the protests started.

None of the demonstrators molested the sailors from the Snook or from the carrier Kitty Hawk and other American ships in port. Weaving through the demonstrators, the sailors went as usual to Yokosuka's shops and 270 bars and clubs.

"We do not intend to harass American sailors or cause trouble," said one demonstration organizer. "We want our protests to be peaceful and orderly."

Havana Claims Halting Attempt To Kill Castro

HAVANA, Cuba (AP) — The Cuban government declared today that two men who tried to slip undetected into Havana Sunday night were on a mission to kill Prime Minister Fidel Castro.

The two were killed after landing on the outskirts of Havana. They were identified as Sandalio Herminio Diaz and Armando Romero.

The launch which brought the two men was sunk by a Cuban torpedo boat. The two gravely wounded survivors were taken prisoner. They were identified as Antonio de la Cuesta Valle, leader of the group, and Eugenio Saldivar Xiques. Two other crewmen were missing and presumed drowned.

(Exile sources in Miami identified Cuesta, 39, as a commando leader with a record of more than a dozen anti-Castro missions to Cuba.)

A Ministry of Interior communique said:

"The objective of the incursion, according to the prisoners' confession, was to carry out an attempt to assassinate the prime minister of the revolutionary government in order to create conditions favorable for an imperialist aggression against the Cuban revolution."

Drake Students Take Part In Child Care Experiment

By CORINNA GNERI
Drake High School

Dolls, hammers, trucks, finger paints, play dough—only Miss Nancy is missing from Sir Francis Drake High School's very own "romper room."

Playschool—as the experience is properly termed—is part of a child care unit in Mrs. Martha Duff's homemaking 2 classes and Mrs. Adina Robinson's homemaking 6 and 8 classes.

Playschool has set up a nursery school where three and four-year-old children can play with children of their own age under controlled conditions in which they learn through play.

"We are concerned with the physical, mental, and emotional development of a child," explained Mrs. Duff.

Twelve youngsters (mainly the children of faculty members) attend either the morning or afternoon session on Tuesdays and Thursday. Each session consists of organized activities such as free play, playground, snacks, exploration, and creative activities.

Special activities include a puppet show picnic, and bus ride, an outside playground, a menagerie, and a day reserved for baking cookies.

Students in the homemaking classes learn a wide variety of activities and play experiences provided for children.

Each day students are assigned to plan, provide, and supervise an activity.

"We hope the attitude of our students will be guided in such a way that they acquire a liking for children and come to understand them," said Mrs. Duff.

The sessions are supplemented with books, movies, and lectures on days the small fry don't come to school.

The only problem, according to Mrs. Duff, is keeping the students from playing with the children.

"We want the students to observe."

The playschool was started in 1960 with a $100 grant from the Sears Roebuck Foundation.

"It has been a very successful year and every year our 'graduates' come back with much more pleasure. They really enjoy it," said Mrs. Duff.

Runaway Boys Spotted In Santa Cruz

Two walkaways from Marin County Family Rehabilitation Center were arrested in an allegedly stolen car by Santa Cruz police during the weekend, but one fled the officers, San Rafael police said today.

The youths, one now in the county juvenile hall here, also were wanted for questioning by sheriff's officers in a burglary of the home of Arthur V. Hatter Sr. at 1049 Las Gallinas Avenue, Terra Linda.

Officers said the pair, both 17, left the center on May 21. The following day, a car owned by Richard Todt Jr. of 14 Fairfax Street, San Rafael, was stolen from his home, San Rafael police said.

On May 23, the Hatter home was entered and jewelry, a transistor radio, clothes, credit cards, and an alarm clock were taken.

The center itself was burgled last Thursday staff members reporting to sheriff's deputies that someone pried a door screen and stole two elevision sets.

Officers said the stolen car, recovered in Santa Cruz contained many items that might be burglary loot. The one youth escaped afoot, however. He was still at large today.

Tycoon's Gifts To Rightists Face Taxes

SACRAMENTO (AP) — Controller Alan Cranston said today that California inheritance taxes may take a sizeable chunk out of the bequests left by a dog food magnate to the John Birch Society and commentator Dan Smoot.

D. B. Lewis, head of the Dr. Ross dog food company, left $1 million each to the Birch Society and Smoot. Lewis died April 25.

"The California tax could amount to 21.5 per or $215,000 from each estate," Cranston said.

"The bequest to the Birch Society may not be tax-exempt since . . . a substantial part of the society's activities just may be 'carrying on propaganda or otherwise attempting to influence legislation,'" Cranston said.

"The bequest to Smoot similarly is probably not tax-exempt," he added. "Further, the will states that Smoot could use any part of the money for his personal maintenance or needs."

Kettenhofen Questions Bus Effects On Traffic

Are buses actually a hindrance in the commuter rush?

This question was posed today by Supervisor Ernest N. Kettenhofen, who said several commuters have told him traffic congestion has eased from Richardson Bay Bridge to the Golden Gate Bridge since struck Greyhound buses have been off Highway 101.

The supervisor asked for a study to verify these reports while the strike is still on.

"This condition, if it in fact exists, is most interesting and warrants a reanalysis of our philosophy that more and better bus are the answer to the commuting problems to San Francisco," he said.

WILLIAM A. MARCUS
Director, Division 4
MARIN MUNICIPAL WATER DISTRICT

William A. Marcus, the incumbent Director of Division Four has served our area and the entire District well.

During his term on the Board the District has increased its watershed holdings of public and recreational lands from 7,000 to 17,700 acres without sale for private development. Farsighted planning has kept us well supplied with water at reasonable rates and has kept the District in sound financial condition without resorting to taxation.

We urge you to vote for his re-election on June 7, 1966.

Engineers Switch Flood Zone Plan

Another switch in plans by the Army Corps of Engineers for the Corte Madera Creek Flood Control project added to problems of Marin County supervisors today.

The board also struggled with the problem of ark owners who will soon be forced off state-owned lands to make way for the project. In addition, the board tried to work down the proposed budget for flood control zone nine.

The switch in plans was caused by discovery by the corps that there was not enough land provided in the original proposal for spoils dredged from the creek.

The original plan, however, has already gone before the Bay Conservation and Development Commission, been approved on a minimum of 13 aye votes, and returned with the condition that the spoils not be put on the Domenic Muzzi property. This consists of 262 acres, already diked, lying south of a 100-acre undiked piece that Corte Madera has been eyeing as a future golf course site.

County Counsel Douglas J. Maloney told supervisors that the bay commission actually has no control over diked lands, but did make it a condition in the permit for Marin.

"That's just blackmail," Supervisor Ernest N. Kettenhofen said.

Maloney said that the commission's permit for fill in two other, smaller areas could be returned, the areas not be filled, and the county could put all the fill on the Muzzi land without a permit.

However, a financial problem arose. Muzzi refused to pay five cents a yard for fill as required by the state lands commission. This would mean an additional $20,000 or more to be paid by the flood control zone.

Supervisors urged that Maloney and the public works department try to find some way to get around this requirement.

Public Works Director Donald R. Frost said he has asked the Corps of Engineers to reduce the width of the proposed channel temporarily to save a sewer line serving arks north of the Bon Air Bridge. He said he hoped for an answer within two weeks.

Supervisors approved crediting unexpended funds held by the zone with interest from treasury deposits, reducing the interest costs for the zone now running at about $1,200 a month.

Supervisors put off until budget hearings, June 13, the request of the zone advisory board to hold the zone tax for next fiscal year at 5 cents per $100 assessed valuation. The tax has been estimated at 20 cents.

Young Rioting Suspect Held On New Count

A 17-year-old Marin City youth, already facing a felony charge in juvenile court in a recent riot against sheriff's officers, was arrested yesterday on suspicion of beating an Alto service station attendant.

The youth, Morison Smith, was booked in county juvenile hall on a charge of disturbing the peace. He remained there at noon today.

Deputy Sheriff Gary Bartolotti said he and Deputy Carl Wiese made the arrest at Fitz's Service Station about 5 a.m. after the youth allegedly jumped on Joe Ghazar of San Francisco.

Officers yesterday reported a gang of teen-agers in more than a dozen cars wen on a rampage along Highway 101 after attending a drive-in movie near San Rafael. Sgt. William O. Roberts of the highway patrol said the cars were reported racing up and down Highway 101 shortly after 1 a.m., then later pulled into the service station.

There, according to the report, they began spraying the roadway with gasoline from a station pump. Manager Harry Fitzgibbon of Mill Valley said he arrived at the station to find that Ghazar had been attacked and suffered cuts and bruises. No arrest was reported at that time.

Smith faces the felony complaint in an April 4 riot in Marin City, when he allegedly assaulted Deputy Sheriff Fred Garrison.

Short Skirt Fad Is Dead, Czars Decree

LONDON (AP) — Down go skirts.

Those three words from Paris and New York today caused surprise, gloom and defiance in London, original home of the thigh-high hemline.

"I just don't believe it," said Alice Pollock, a respected young designer.

In Paris a spokesman at Jean Patou said: "Skirts are going to lengthen in the autumn. The short-short skirt is as dead as mutton."

British fashion writers reported that Yves St. Laurent also is hinting at the death of the saying that fashion must be both elegant and respectable.

In New York, Jacques Tiffeau, a French designer who is celebrating 15 years in the United States, is showing tweed skirts for autumn several inches below the knee.

North resumed Jan. 31, it was reported today.

Reliable sources said Air Force and Navy planes flew "way over 200" sorties—single-plane flights—over the Communist North. Official spokesmen confirmed that a record number of sorties were flown, but did not disclose the number.

The targets included military storage and barracks areas, bridges, railways, highways, river and coastal shipping and antiaircraft batteries on the Communist supply lines between North and South Viet Nam.

No U.S. plane losses were reported. If any occurred over enemy territory they would be kept secret for a few days to enable search forces to look for survivors without alerting the Communists to their possible presence.

In ground action, the U.S. 25th Infantry and 1st Air Cavalry Divisions reported killing at least 654 Communists in two operations that have been going on for some time near the strategic "waist" of South Viet Nam.

In Pleiku Province, 250 miles north of Saigon, units of the 25th reported killing 307 Reds since May 10. U.S. losses were described as "light."

In Binh Dinh Province, 275 miles northeast of Saigon, the 1st Air Cavalry said its units have killed 347 Communists since May 16. U.S. spokesmen said the division's losses were "light."

Astronauts Ready For Three-Day Flight; Walk In Space Planned

CAPE KENNEDY, Fla. (AP) — The "go" light flashed brightly to tracking stations around the world today for the Gemini 9 spacemen to embark on a three-day exploration of some unknowns of space travel.

"We're ready to go," said Air Force Lt. Col. Thomas .P Stafford. His rookie pilot, Navy Lt. Cmdr. Eugene A. Cernan, soon to become the world's champion cosmic stroller, agreed.

They'll ride a mighty Titan rocket into the hostile void of space at 12:38 p.m. (EDT) tomorrow to search the skies for a stubby target satellite, then boldy latch Gemini 9's nose to it.

Their target, known as an Augmented Target Docking Adapter — ATDA, will be powered into a 185-mile high circular course around the globe by an Atlas booster one hour and 38 minutes before the Titan cranks its engines.

Healthy and trained to razor sharpness, the Gemini twins planned a final review of their vital, action-packed mission with top space agency officials during the day. They also hoped to crowd in a few more hours of practice sessions in a mockup version of the tiny Gemini spaceship.

Technicians, sailing along without a hitch on preparations for launching both the Titan and Atlas rockets, scheduled a five-hour check of all systems aboard the 11-story tall Titan before beginning the final countdown leading to launch.

The weather forecast, sometimes a troublemaker to the nation's space efforts, called for satisfactory conditions at blast-off time, both at Cape Kennedy and the ocean recovery areas.

Gemini 9 will be the second half of a double-barreled U.S. space spectacular this week. If all goes as planned, while Stafford and Cernan sleep their first night in space, a Surveyor spacecraft will try to gently settle its three spidery legs on the lunar surface.

Thursday morning, the world may be seeing television pictures of the moon's landscape shortly before Cernan sets out on a record breaking space walk.

A lean, 32-year-old Chicago native, Cernan plans to ease himself out of Gemini 9's right hatch for an exotic stroll through the cosmos that will whip him one and a half times around the world at 17,500 miles an hour.

For two and one-half hours, he will be a human satellite.

During the initial daylight time he is outside, he will be fed oxygen through a 25-foot umbilical cord from the spacecraft. Then, with a rocket pack on his back, he will attach himself to a 140-foot rope and shoot from place to place for about an hour.

All he needs to survive — pressure for his suit and oxygen for life —will be fed from the highly sophisticated maneuvering back pack. The pack will be used instead of a space gun like Air Force Lt. Col. Edward H. White had for the first American space walk last June.

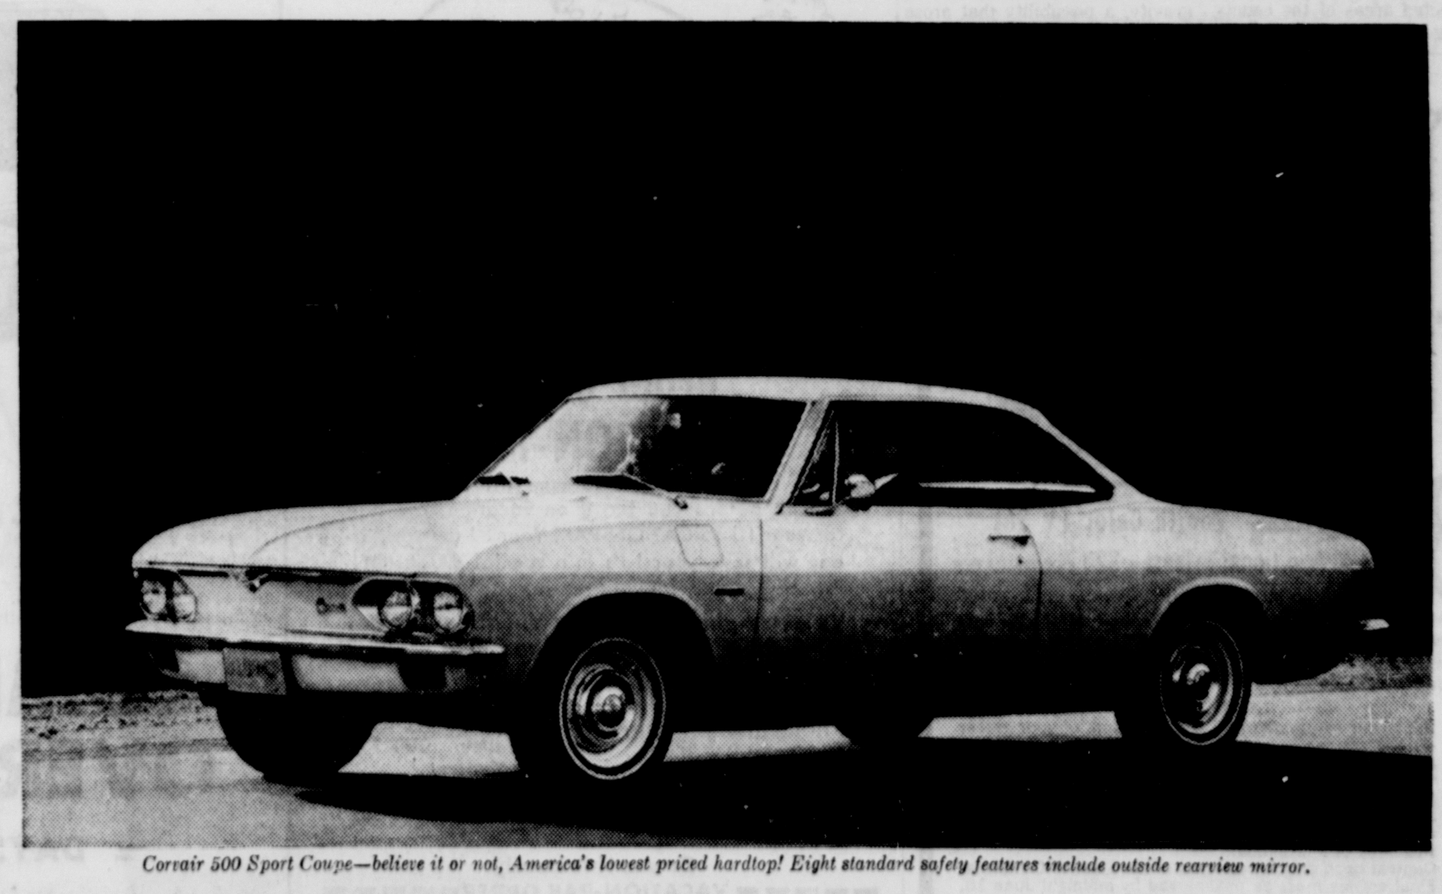
•Corvair is America's lowest priced hardtop
•Corvair has 1,500,000 owners

Now you be the judge!



Corvair 500 Sport Coupe—believe it or not, America's lowest priced hardtop! Eight standard safety features include outside rearview mirror.

Now *you* be the judge. Get a Corvair and test its easy cornering, its determination in tough going. Weight is concentrated over the driving wheels for better traction.

A sophisticated fully independent suspension like Corvair's gives firm control in a hard corner. Each wheel can move up and down without disturbing the other.

Try it. And all the while remember that its air-cooled engine requires neither water nor antifreeze, has no radiator, water pump or water hoses and clamps to replace—which is one of the reasons for Corvair's low, low operating cost.

Then decide for yourself. More than 1,500,000 owners already have voted for Corvair by buying one. You'll find you agree with all of them. Especially when you see the kind of buy you can get on a Corvair from your Chevrolet dealer right now!

Death Crash Victims Still Unchanged

No change was reported at Marin General Hospital today in conditions of three persons injured in an auto accident in San Anselmo Saturday which killed driver Robert G. Lezzeni, 21, of Fairfax.

The victim's sister, Jean Lezzeni, 17, of 3 Deer Park Drive, Fairfax, a rear seat passenger, remained in good condition. Michelle Pla, 14, of 353 The Alameda, San Anselmo, a passenger in the right front seat, was in critical condition. Both suffered multiple fractures and internal injuries.

Michelle, who had accepted a ride with Lezzeni from a friend's house, was hysterical in the hospital and kept repeating, "Slow down! Slow down!" reported her mother, Mrs. Ronald Brand.

A third passenger, Edward Snyder, 29, of 185 Woodland Avenue, San Anselmo, was in critical condition with back injuries.

Canvass Slated For Park Bonds

Marin County supervisors today agreed to help launch a door-to-door drive Saturday for the $4.3 million park bond issue to be decided by voters next Tuesday.

Supervisor Ernest N. Kettenhofen had one reservation. He said he wanted the board to agree to some definite commitments on use of the money.

The Saturday campaign, to be known as "high camp," was proposed by Supervisor Peter H. Behr. He said he hoped that 200 volunteers would gather at the Civic Center Saturday noon, have box lunches in the cafeteria, and then go door to door in selected areas of the county, passing out bond literature.

Surveyor 1 Cruising Toward Moon Landing

PASADENA (AP) — Surveyor 1 cruised today toward a new and hopefully smoother landing site on the moon after a tricky steering maneuver 97,000 miles out in space.

Jet Propulsion Laboratory officials, who are guiding the 2,200-pound camera-carrying craft toward a soft landing in the dry Sea of Storms late tomorrow, said Surveyor responded properly to all commands during the intricate change of course.

They said it would take several hours of tracking to be sure Surveyor's new course will bring it down, as now planned, about 20 miles north of the point picked prior to Monday's launch.

The new site was chosen to give the spacecraft the smoothest possible landing area in the 62-mile diameter target circle — at the western edge of the 1,700-mile long equatorial strip selected for future Apollo astronaut touchdowns.

Like the Soviet Luna 9, which soft-landed and televised pictures from the lunar surface February 3, Surveyor is pioneering a technique planned to deposit manned craft gently on the moon.

This technique — descending slowly while balancing on the thrust of downward firing rockets — is believed the only safe way to land on the airless moon.

In the maneuver at 2:45 a.m. EDT, the spacecraft was ordered to roll and yaw slowly to the left, aiming it in the desired direction. A 20-second burst from three small rockets drove it forward along the new flight path.

Officials said there was no indication so far that the steering maneuver was disturbed by any shift in the craft's center of gravity, a possibility that arose when radioed data indicated an antenna boom may not have extended fully after launch.

There was still a chance that a shift in the center of gravity might cause the craft to tumble and crash when the descent-breaking rockets are ignited on the final approach to the moon.

If all goes well, however ,Surveyor will radio across 230,000 miles of space pictures almost as sharp as those seen on home television screens, showing terrain details as small as a pencil lead.

These pictures should give scientists a better idea of whether the lunar surface is strong enough to support the weight of large manned landing craft.

Crowd Is Foiled In Balking Police

PACOIMA (AP)—A group of about 50 Negroes tried to free a suspect from two police officers today, but the crowd was dispersed after a radio call brought additional officers, police said.

Officers said they had arrested a male Negro on a charge of drunkenness when a crowd gathered and tried to grab the suspect.

Thirty officers responded to a radio call and took 13 persons into custody, booking them on various charges, police said.

Burglaries Investigated In Novato

Novato police today were investigating three burglaries Saturday night and Sunday on Rowland Court.

A 17-year-old youth was booked into juvenile hall on three counts of burglary and being beyond parental control.

Investigation may lead to the arrest of an 18-year-old companion and another 17-year-old in Sacramento, police said.

The first burglary was discovered by Robert Anderson of 2 Rowland Court, who found the back door of the home of Stanley Cazneaux at 7 Rowland court open. The Cazneauxs were away on vacation.

Police said the house had been entered by breaking the bathroom window.

Two other houses in the area had been entered the same way: Those of Claude Arroyo of 6 Rowland Court and Conrad B. Masters of 4 Rowland Court who were also away for the weekend.

Police said loot included liquor, some money, and a stereo set.

British Court Investigating Sailors' Strike

LONDON (UPI) —A special four-man court today started an inquiry into Britain's 16-day-old seamen's strike which has idled a quarter of the nation's merchant fleet and led to a state of emergency.

The court was appointed by the government to seek ways of ending the massive walkout by the seamen before Britain is plunged into economic chaos.

Under the chairmanship of Lord Pearson, the court called in the leaders of the striking National Union of Seamen (NUS) and the shipowners for informal discussions. The talks were held in private.

As the board began meeting, the union was reported considering a plea to unionists on the European continent not to unload British flag tankers. The seamen contend British tankers have been diverted from British to continental ports to unload.

They said normally 40 tankers dock in Britain each week but since the strike only three have done so. Under the 72-year-old Merchant Marine Act, British sailors can be charged with mutiny if they leave a ship in a foreign port and crews have waited until their ships reach home to sign off and join the strike.

Other merchant ships bound for Britain have landed despite the strike and, as of last night, 18,974 sailors had abandoned 651 of them.

The court of inquiry is expected to issue an interim report within 12 to 14 days. It is hoped that this report will become the basis for settlement of Britain's first maritime strike in 55 years.

Other Towns Boasting Own Leaning Towers

UNITED NATIONS (UPI) — Pisa isn't thz only place with a leaning tower. The town of Medias, in central Romania, has one dating from 1450, called the Tower of Trumpets, which originally was part of the town's defense system, according to UNESCO Features, a publication of the U.N. Educational, Scientific and Cultural Organization.

Another little known leaning tower is at St. Moritz, Switzerland. Built in 1573 as the bell tower of the Church of San Murezzan—since demolished — it is known to have been leaning for at least 165 years, probably as the result of an earthquake.

Chase, Shots Follow East Bay Wife Slaying

OAKLAND (AP) — A Contra Costa County social worker was shot and killed last night while tumbling down hallway stairs of her Oakland apartment. Her husband was booked for investigation of murder after a bullet-punctuated car chase.

Police said Mrs. Kathleen Olsen, 26, either was thrown or fell down the stars of the apartment at 5582 Taft Ave.

Her husband, Robert, 30, was captured near Pittsburg while fleeing on foot after leaving his car. Shortly before, two Contra Costa County sheriff's deputies had fired eight shots during a car chase of several miles.

The husband, a graduate student in psychology at the University of California, told officers his wife had filed suit for divorce and their troubles were "too complex to discuss."

An apartment neighbor heard screams of Mrs. Olsen and her four-year-old daughter, Gillian, shortly before the shots were fired.

Mrs. Olsen had been a Contra Costa County social worker but was on leave to take courses at the University of California.

South Pacific Breeze Tied To U.S. Cold

MOSCOW (AP)—A weak wind from South America westward over the equatorial Pacific Ocean means cold winters for Europe and rainy weather on the U.S. West Coast, an American meteorologist said today.

Prof. Jacob Bjerknes of the University of California at Los Angeles, traced the series of interactions between the ocean and the atmosphere which create this effect.

Bjerknes was the first scientist to speak at the Second International Oceanographic Congress, which formally opened here yesterday. About 1,500 scientists from more than 50 nations are attending.

A normal wind over the southeast Pacific roils up the water, bringing cold water up from the depths and cooling the sunheated surface, Bjerknes explained.

But a weak wind in the southern hemisphere's summer leaves a greater surface area of warm water to heat the atmosphere. This heat, conveyed through evaporation, stirs winds that transmit their momentum up through the northern hemisphere.

The result, Bjorknes said, is higher winds and stormy weather in the North Pacific, with rainy weather along the western coast of North America.

This system affects the weather throughout the northern hemisphere. It weakens the wind force over the North Atlantic, thus lessening the distribution of the Atlantic's own heat and causing cold weather in Europe, he added.

Three Hurt In Holiday Accidents

Three persons were injured in auto accidents in southbound lanes of Highway 101 north of Novato last night.

Jean Avila, 42, of San Francisco was reported in satisfactory condition today with cuts and bruises in Mount Zion Hospital, San Francisco, where she was transferred from Novato General Hospital. She was a passenger in a car driven by her husband, Manuel, 39.

The California Highway Patrol reported a car driven by Walter E. Dorn Jr., 40, of 326 Laurel Way, Mill Valley, swerved to avoid another car about 6:45 p.m. and spun into the path of Avila's car. After the collision, Avila's car ran into a ditch.

A Redwood City couple, Alexander Lashkareff, 48, and his wife, Victoria, 45, were X-rayed in Novato General Hospital after the car in which they were riding left the road and struck an embankment about 8:30 p.m. The highway patrol reported Irina F. Thompson, 39, of San Francisco, was the driver.

The late Bobby Hothersall, who usually rode at 60 pounds, is regarded the lightest jockey ever to ride at major tracks.

MYSTERIOUS CASE ALMOST REAL STINGER

In every task of a policeman lies an element of danger.

Officer Charles E. Newman of Corte Madera police watched Sunday as a man parked his car in the 600 block of Corte Madera Avenue, then disappeared up a little path, only to reappear some time later and repeat the process.

Newman decided to investigate. He, too, followed the path. Later he filed this report:

"Reporting officer followed the route of the man and after a treacherous climb, I came upon four wooden beehives. A hasty retreat was made. Case closed."

Hall Family Moves Into A New Home

The Matthew Hall family of Marin City has a new home.

Papers have been signed with California Development Co. enabling the family to move into a three-bedroom, one-bath redevelopment apartment at 987 Drake Avenue.

The Halls had been house hunting since last December but were turned down often because they have seven sons.

They resided in House 109, the last occupied temporary World War II housing structure. They had been served an eviction notice by the Marin County Housing Authority in March but actual eviction was held up while they sought a new residence.

Project manager Edward Moose said California Development Co. agreed to rent the $140 apartment to the family despite the fact that Hall, a construction worker, is unemployed.

MARIN ELECTRIC SHAVER CENTER

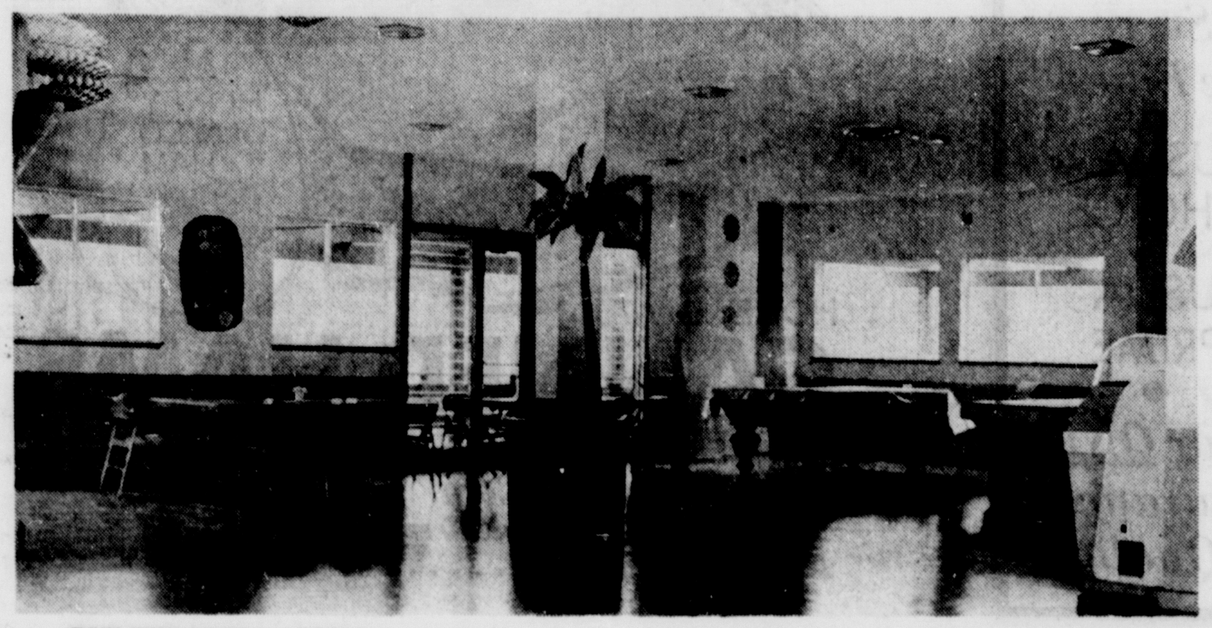
THE CENTER'S THERE . . . — Mill Valley's recreation center, built by volunteer labor at the city's Project 17 in the marshlands, opened last July 4 and has been the scene of many special events. The building looks like this from the outside.



. . . BUT THE USERS AREN'T — Inside the recreation center are pool tables, juke box, dance floor, etc. But it has drawn small use by teenagers as a "drop-in" recreation spot. Don Dimitratos, Mill Valley recreation director, hopes to correct that. (Independent-Journal photos)

Mill Valley's Youth Center Getting Off Ground Slowly

By BRUCE COLEMAN

Just because a city has built a recreation center does not mean young people are going to beat a path to its door.

Mill Valley's Community and Youth Center—a six-month baby in age—has proved this, even though the center is doing a "good business" in many activities and the number of users increases steadily.

The center, which was sought for many years, then practically built out of nothing but volunteer labor, opened last year at an old fashioned Fourth of July celebration.

Its first scheduled activity was a Russian wedding reception last December.

Now it is being readied for its first part in the city's summer recreation program.

"The facility in any kind of recreation program isn't the main thing," said Don Dimitratos, parks and recreation director, hired last year. "It is the leadership. If you don't have a good program that interests the kids, they won't come. Teen-agers are tough. I don't really know the answer. You might have an activity and the young people decide to go to the beach instead."

He cited one recreation center, a brand new facility, where it was decided the youngsters weren't using the building because they didn't want to have to abide by a set of rules.

He said the center gets 15 to 20 young people at "drop-in" time in the afternoons and, in the evenings, 30 to 35.

Attendance has gone down at dances, which Dimitratos attributes to the fact he thinks some teen-agers go to other dances such as those in Santa Venetia.

The director plans to meet with class presidents of Tamalpais High School and, separately, with officers from Edna Maguire School, asking them, "What do you want?"

Use of the center, however, is constant. It is open daily except for scheduled weekend events.

Activities include pool, table tennis, juke box music and dancing, and teen-age dances four fridays a month. There is the drop-in program Tuesday and Thursday afternoons and evenings for young people. There are lessons in ballet, piano, yoga.

Senior residents use the center each second Tuesday for lunch and to play cards. Many organizations meet in the building, including strictly recreational types such as little and Babe Ruth leagues, Marin police athletic league, the youth and recreation councils.

If a gathering is too large for the city's golf clubhouse, the center may be used. "It is a recreational center," Dimitratos stressed, "and I want a good solid recreation program. When the hours don't lend themselves to recreation, we can rent it to non-recreation groups." Most programs are self-sustaining, he added.

Registration for summer activities will be taken at the center through June 10, from 9 a.m. to noon.

Programs include tennis to be held at Boyle Park, starting June 27; a day camp program at Old Mill Park for children aged eight to 12 and teen-age softball on Mondays and Wednesdays, 9:30 a.m. to 12:30 p.m., at the Optimist ball park.

The center program includes softball and football checkouts, games, 1 to 5 p.m., Monday and Friday and 1 to 5 and 7 to 10 p.m., Tuesday through Thursday; teen dances; adult and youth folk dances, and creative modern dance and ballet lessons.

Flying first to Helsinki, Finland, he will visit Finland and Norway, then attend the ministerial council meeting of the North Atlantic Treaty Organization.

The NATO meeting opens in Brussels June 7.

JULIAN BOND
Elected, can't serve

Civil Rights Leader Bond Slates Talks

Civil rights leader Julian Bond, who has been twice elected to the Georgia House of Representatives, but barred from taking his seat because of his opposition to U.S. participation in Viet Nam, will make two appearances in Marin Friday.

Bond will speak at the No Name bar in Sausalito at 12:30 p.m. and at the office of the Marin Friends of the Student Non-Violent Coordinating Committee at the Marin Heliport building after the Sausalito talk.

Bond was refused his seat by an overwhelming vote of Georgia House members Jan. 10 because his endorsement of a statement accusing the U.S. of aggression in Viet Nam and urging men to seek alternatives to military service.

The Georgia House held that his statements were "at war with national policy," and a federal court upheld legality of the decision to bar Bond. He announced he will appeal the decision to the U.S. Supreme Court.

Bond, a member of the Student Non-Violent Coordinating Committee, was elected to the seat a second time, winning a special election Feb. 23 unopposed.

Woman Seeks Identity Of Dog That Bit Her

Bernita Gilliland of 1111 Western Avenue, Mill Valley, reported today she is anxious to trace the owner of a dog she said bit her in the arm in her back yard Sunday at 10 p.m.

The dog was a large male collie, white with black and brown markings and she said, must be traced to determine if it is innoculated against rabies.

Supreme Court Rejects Segregationist Appeal

WASHINGTON (AP) — The Supreme Court denied today a hearing to school officials of Jackson, Miss., who contended that innate differences between races in their aptitude for educability justify segregation of white and Negro pupils.

The officials appealed to the highest tribunal from a decision by the U.S. Circuit Court in New Orleans that rejected their contention. The circuit court prefaced its opinion with a comment that such cases "tax the patience of the court."

Parents of Negro pupils in Jackson won an order that schools be operated without taking into consideration the races of pupils.

In a second case with a racial angle the high court declined to hear an appeal from Noelle Henry, Negro school teacher who contended she was denied constitutional rights by not being offered a new contract after 11 years in the Coahoma County, Miss., school system. She is the wife of Dr. Aaron Henry, state president of the National Assn. for the Advancement of Colored People.

In another action today the high court ordered a mental competence inquiry in district court for Melvin Davis Rees Jr., under death sentence in Virginia for the slaying of Carroll V. Jackson Jr., despite a request relayed to the court by a lawyer for Rees that all legal efforts to save him be abandoned.

The high court said it needs the findings to pass on a pending appeal for Rees, noting that a psychiatrist brought in by the lawyer had concluded Rees was mentally incompetent while court psychiatrists who sought to examine him got no cooperation but doubted he was insane.

Rees, formerly a musician in Hyattsville, Md., is now serving two life sentences assessed in Baltimore federal court for the kidnap-slayings of Jackson's wife Mildred and daughter Susan, 5, in 1959.

Fires Cost $45,000

SAN FRANCISCO (UPI) — Two fires caused about $45,000 damage to several flats in San Francisco Monday.

An afternoon blaze caused about $10,000 damage to a three-sotry frame building in the South of Market District before being brought under control by 80 firemen with 16 pieces of equipment. The two-alarm fire was blamed on cooking left unattended.

Last night, a thre-alarm broke out in an unoccupied flat in Western Addition and spread to another apartment and an adjoining building. Damage was estimated by firemen at $35,000.

The only person injured in either fire was fire Capt. Russell Martin, 55. He was bitten on the leg by a dog at the second blaze.

Motorist Injured

Philip P. Kent, 29, of Sausalito suffered minor injuries at 8:45 p.m. Sunday when his car hit an oak tree beside Grove Street near Canyon Road in Sonoma, the California Highway Patrol reported. He was treated at Sonoma Valley Hospital.

Yosemite Jammed

YOSEMITE (UPI)—A record crowd of 51,800 visitors jammed into Yosemite National Park over the Memorial Day weekend.

Handyman Reported Missing

A Novato handyman and caretaker has been missing for about a week, Novato police reported today.

He is Jack O'Loughlin, 54, who had been working for Boris Von Dragon on School Lane.

O'Loughlin was taking care of the Bert Weible home at 366 Midway Boulevard, Novato, while the Weibles were away on vacation. He left that house unlocked and his clothes in it, according to police. He was last seen about 12:30 p.m. May 23 when he left the house to go to the store, the neighbors told police.

He was described as five feet eight inches tall, weighing 165 pounds, of medium build with brown hair and blue eyes.

Novato Neighbors Fight Sewer Plan

Opposition is being organized to a proposed sewer assessment district in the West Novato and Indian Valley Road areas, proposed last week by the Novato Sanitary District.

Paul Brindel said today he has obtained signatures of 13 property owners on Maestro Road on a petition opposing inclusion in the district.

He said other signatures are being sought Avichi, Wilson Avenue and Indian Springs Road.

Larkspur Woman Dies Of Pistol Shooting

Ruth Ann McArdle, 33, excused herself, saying she wished to lie down a few minutes last night, walked into her bedroom at 254 West Baltimore Avenue, Larkspur, and shot herself through the right temple with a .25-caliber German pistol, police reported.

Mary C. Talbut, who shared the house with Miss McArdle, and Estelle Cantos of 10 Park Avenue, Mill Valley, were in the kitchen at 8:55 p.m. when they heard a report "that sounded like a cap pistol," reported Asst. Coroner William C. Bradley.

The two found Miss McArdle lying on her bed with the pistol nearby. She was still alive and was rushed to Marin General Hospital. She died in the intensive care unit there at 6 a.m. today.

Miss McArdle, who was a civilian communications operator for the Army at the Presidio of San Francisco, had neither seemed depressed nor complained of illness, Bradley was told by Miss Talbut. She left no note.

Miss McArdle had lived in Marin County about seven years. She is survived by her mother, Mrs. George McArdle of Anaconda, Mont.; two brothers, Harry McArdle of Downey, Los Angeles County, and James McArdle of Missoula, Mont., and four sisters, Mrs. Patsy Pramenka of Missoula, Mont., Mrs. Edna Martin of Seattle, Wash., and two whose names were not known here.

Miss McArdle's body was taken to Chapel of the Hills in San Anselmo for autopsy.

The Town of Campbell was named for William Campbell who came here in 1846, built a sawmill and established a stage station.

Suffers Neck Injury

Mrs. Howard D. Findley of Santa Rosa suffered a neck strain, according to San Rafael police, when their car, driven by her husband, was hit in the rear by another while stopped for a red light at 9:40 p.m. yesterday at Fourth and H streets. The other car then sped away.

SERVING ALL OF MARIN COUNTY

TODAY'S EDITORIAL:

Water District Incumbents Prove Able To Think Young

Three incumbents seeking re-election to the Marin Municipal Water District board—Dr. Leo L. Stanley, George W. Thierbach, and William A. Marcus — are each getting along in years.

An opponent could put up a seemingly good argument, at least in theory, that the water district would benefit from infusion of new and younger blood.

But anyone who is personally acquainted with these three incumbents would know that such an argument just will not hold water.

Dr. Stanley, Thierbach and Marcus are three of the youngest-thinking men of their years that you'll ever find. Combined, they have put in a total of 50 years of service for the water district.

Dr. Stanley of Division 1 is unopposed, but the other two face challenges.

In Division 3, incumbent Thierbach, who has been in office for almost eight years, faces two opponents.

One is Allan J. Creighton of San Anselmo, a safety engineer, who has had public service experience on the San Anselmo Planning Commission. The other is Herber C. Leney, Corte Madera attorney, who is a relative newcomer to Marin. He has been active in P-TA and the Mariner Cove Improvement Assn., serving as president of these organizations.

Both Creighton and Leney are respected in their fields, and their seeking office indicates keen interest in public affairs. But in experience, particularly in matters pertaining to water conservation and supply, they cannot match Thierbach.

In Division 3, we have incumbent Marcus, who has been on the water district board for 22 years, facing three challengers.

Opponents are Howard A. Collins of Greenbrae, who gives his occupation as lumber broker; Joel F. Gustafson of Mill Valley, professor of biology at San Francisco State College; and Aaron E. Rucker, an attorney and retired Army colonel.

Gustafson is a special interest candidate with strong leanings toward conservation groups. He can be expected to be unfriendly toward subdividers and developers in their dealings with the water district.

Marcus, on the other hand, has established a "call 'em as you see 'em" record, which at times drew criticism from subdividers and developers and on other occasions from conservationists.

Rucker has been active in the Kentfield Civic League, College of Marin Foundation, and Marin Art and Garden Show. He is a long time county resident who is widely and favorably known.

With no intention of detracting from the accomplishments of these challengers, we nevertheless believe that Marcus' accomplishments on the water district board, and his outstanding knowledge of fiscal affairs which comes from long service as executive of the American Trust Co. are qualifications that are unmatchable.

Marin County has earned the reputation of being blessed with excellent water service at low cost. This reputation reflects credit on the incumbent directors and their efficient and forward-looking management.

We believe the welfare of the people of the district will be best served by retention in office of the three incumbents and their combined experience of 50 years with the water district.

Voter Registration Figures Aid Speculation Game Before Ballot

By HENRY C. MacARTHUR

SACRAMENTO — Speculation with voter registration figures is a fascinating pre-election game, played every election year by those who are interested in outcomes.

This is despite the fact that generally, the speculations turn sour, and the elections wind up wholly different than the results anticipated by the figures.

The game is made easier with the California Report of Registration for a guide. This book is issued by Frank M. Jordan, secretary of state. It is, in fact, almost a Bible for candidates and campaign directors.

THE BOOK contains statewide, Congressional district, Senate and Assembly districts, county, city and supervisorial district figures. It is published under authority of a 1961 legislative act, and the latest edition reflects party affiliation totals as of April 14, the date on which registration for the June 7 primary closed.

While there is no requirement in the legislative act requiring comparisons and percentages, Jordan says the report contains considerable information on these subjects.

"From comments received concerning this additional information," he stated, "we feel the added effort is worthwhile in lending increased value to the publication."

Registration for the June primary totals 7,855,102. This compares with a record registration of 8,184,143 for the 1964 general election.

OF THE TOTAL, there are 4,485,777 Democrats, or 57.1 per cent of the total; 3,125,884 Republicans, 39.8 per cent of the total; 205,830 declined to state, of 2.6 per cent and 37,611 miscellaneous, a half of one per cent.

Although the Democratic registration outweighs Republican by 17.3 per cent, the minority party can take some hope from the percentage of gains in registration. From January to April, the Democrats gained 207,112, or 4.8 per cent in registrations. During the same period, the Republicans gained 225,516, of 7.8 per cent.

While this may be an inkling of a Republican trend, it still may not be large enough for the GOP to score up much of a win. On the other hand, the figures are bound to go up for the forthcoming general election in November.

BUT THE REPUBLICANS have shown a remarkable gain in comparison with previous Democratic gains. The 1964 general election gain over the primary of the same year for the Democrats was 17.8 per cent and 9.9 per cent for the Republicans.

From the 1964 general election to the 1966 primary, the Democratic decrease was 5.3 per cent, compared to the Republican decrease of 1.7 per cent.

Even so, the Democrats still have a majority of 1,359,893 over the opposition party this year, which is a large majority. They have gained in the number of voters, but have lagged percentagewise.

Also, this is the first time the Republicans have had more than three million voters registered, which is another indication of a growing trend.

WHAT OUR READERS SAY

Brown Asked Bond Passage

Editor, Independent-Journal:

Your coverage of the cornerstone-laying ceremonies for the Hall of Justice failed to mention the governor's opening remark, which urged passage of Measure A, our Parks and Recreation Bond Issue, on June 7.

I want this remark to get the benefit of your wide readership because the 300 who heard it in person are probably already well aware of the wisdom of creating and preserving the beauty in our county through sound long-term financing, while at the same time generating business and tax dollars through tourism.

With our landscape, the recreation industry can be our big business, bringing in more money than it costs in services, and saving some lands from being covered with school and service-demanding housing.

Reader Tells Her Thoughts

Editor, Independent-Journal:

The degradation of the English language represented by advertisers' slogans is bad enough and newspapers cannot be held responsible for printing them. Nor, really, can I criticize the I-J when it runs an item under a UPI dateline, as it did last night, stating that Mrs. Kennedy and the Duchess of Windsor "expressed a mutual admiration" for various art objects they had viewed. While, if they were sensate, it is more than likely that those bibelots would in fact reciprocate the regard of those two elegant ladies, in their inanimate state this would not be possible. However, the substitution of "mutual" for the proper "common" was not nearly as careless as the recent story, concerning a marriage . . . wherein the newlyweds were described as having been "mutual friends" for several years before the event.

One of my favorite inadvertencies, however, is one the I-J often is guilty of—the incorrect use of the word "critical," as in headlines which read, "Woman Critical After Being Run Over." I can't say I blame her, I would be highly indignant myself. But it is her condition and not the woman herself being reported. . . .

What prompted this outburst, however, is a flagrant error for which the I-J alone can be held accountable, inasmuch as it was part of a "Public Service" ad published in last night's edition (May 25). The caption under the top photograph misuses the word "affects" in the place of "effects." . . .

Won't all your staffers attempt to forward the cause of correct language by more careful editing?

Markerless Graves Declared Shameful

Editor, Independent-Journal:

Recently there was a headline in the paper, "Marin Welfare Cases Buried in Unmarked Graves." Our county pays for funeral and cost of our penniless indigent only, excluding the price of the marker.

This really is a shocker, a disgrace. The milk of human kindness must have curdled in the hearts of those men who concocted resolution 6557, Dec. 27, 1960. It was only 48 hours after Christmas of that year, the spirit of their generosity died.

Resolution 6557 is not complete. It is much like the miserly man, who built his house without windows by begrudging the cost of them.

Surprisingly enough, some men are only a split second from the primitive of potter's field, in their measly thinking. In the name of Christian decency, our indigent penniless should not be denied a simple marker to grace their graves. . . .

The county potter's field is an utter disgrace, inexcusable. . . . The very term potter's field with its shameful origin should be struck. . . . Surely in the minds of civilized society, a respectful term with dignity and reverence should take its place. . . .

Trustworthy Joseph the compassionate one, claimed the body of our Saviour by pleading with Pontious Pilot, who was the Judge at that infamous trial. The wicked men of the Temple, the accusers, decided the remains of our Saviour would be interred in potter's field, also known as the field of blood. Joseph saved our Saviour the stigma of potter's field; by tenderly conveying him to Joseph's new tomb, fashioned in solid rock for himself.

If it had not been for Saintly Joseph, our Saviour would have arisen from potter's field, the field of blood, and Easter would have been a different story indeed.

Let's sweeten the milk of human kindness with reverence, by including markers missing in Resolution 6557, for our less fortunate laid to rest in unmarked graves, our unknown dead.

Why Heap Abuse On An Officer?

Editor, Independent-Journal:

"Inspector Receives Reprimand"—This was the lead on a story in tonight's (May 25) Independent-Journal. Perhaps it would have been more appropriate if your reporter had seen fit to write "After sixteen years, inspector receives first reprimand."

Where was your reporter, or the headline, that informed us of the fact that inspector Bowen Bridges Jr., of the sheriff's department was awarded an honorary life membership in the Santa Venetia Jr. High School P-T.A. for his outstanding work in the field of education regarding the effects of narcotics on our children? Or the story telling of the countless hours spent away from his own home, giving lectures to civic groups, showing slides, answering questions and etc. on this subject? All on his own time and at the expense of his personal family life. Why does this man devote many "off duty" hours to such things as the Pop Warner League? And this after a full day of the so called "normal" abuse and criticism heaped upon most law enforcement officers of today's trying times.

It beats me, but as they say, there is no news like the news of a "cop" who makes a mistake . . .

To err is human—to forgive, is the word divine?—or aren't "cops" allowed to be human??

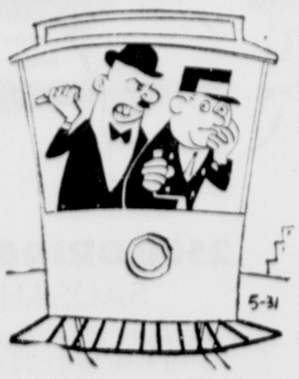
TRY AND STOP ME

BENNETT CERF

IN THE GOOD old days when trolley cars clanged their way through street after street of the Borough of Brooklyn, relates John Straley, an inspector climbed aboard one open car to check on the integrity and competence of brand new Conductor Dinty O'Toole. First he counted the passengers, then he noted the number of fares O'Toole had rung up. "Ah ha, lad," he roared, "Caught you in the act. There are two more passengers on board this car right now than the fares you've registered." Dinty carefully made a count himself, then addressed the passengers: "Bejabbers, the inspector is right! Two of yez will have to get off!



GROWING OLD gracefully is an art that few have mastered. Winston Churchill and Dr. Schweitzer were two conspicuous examples. Bernard Baruch was another. Just a few months before his death, Baruch made his priceless comment: "A man's life can be divided into three stages: 1. Youth; 2. Middle age; and 3. 'My, sir, you're looking well!' " George Bernard Shaw, another irrepressible octogenarian, put his rueful reflection on the process on aging into the mouth of his play character Julius Caesar: "I grow older, whilst the crowd on the Appian Way is always the same age."

PAUL PORTER complimented a Texas tycoon on his plush new offices. "Don't compliment ME," the tycoon told him. "I just gave the decorator an unlimited budget — and by gosh, he exceeded it!"

Oregon Election Vindicates LBJ War Stand During Election Drive

WASHINGTON—When President Lyndon B. Johnson advised Democratic candidates to make the Viet Nam War a clearcut issue in the campaign, many Democrats were dismayed at the prospect, horrified at the President's audacity.

"Go out and tell them that America will persevere until peace comes in Viet Nam," Johnson admonished a big rally in Chicago.

The party faithful applauded openly—and under the table they wrung their hands.

Doesn't the President realize, they asked themselves, that his polls are slipping, that his popularity rating has dropped considerably in six months, and that the turmoil in Viet Nam is bound to cause the American people to grow weary and want to quit?

NOW THAT THE results of first state-wide test of Democratic voter judgment are in, on whether to nominate for the Senate an all-out supporter of the President's course in Viet Nam or an all-out opponent, Johnson doesn't look so foolish.

Maybe he isn't a political amateur. Maybe he knows something of the merit of making an issue rather than running away from it—especially when there is no good chance of running away from it.

It is the state of Oregon, whose senior senator, Wayne Morse, has been screaming that the American people need only the opportunity to show they reject the U. S. defense of Viet Nam, which provided that test.

The test was not blurred. It was exact and to the point. Rep. Robert B. Duncan sought the Democratic senatorial nomination as an advocate of the way President Johnson is conducting the war in Viet Nam.

Howard Morgan, a former Federal Power Commissioner under President Kennedy, sought the nomination as a total opponent of Johnson's position. Duncan favored staying in; Morgan favored pulling out.

THE DEMOCRATIC voters of Oregon voted 2 to 1 to support the supporter of the President.

THIS TEST of voter opinion came to a head under conditions favorable to the Democratic candidate opposing the President.

In Saigon the Ky government was increasingly shaky. Protests were mounting. The planned elections seemed in jeopardy. Parts of South Viet Nam were in anti-government Buddhist hands. Some were spreading anti-American propaganda. The outlook was bleak.

But the Democratic voters in Oregon decisively said that they wanted a Senator in Washington who would stand with Mr. Johnson on the premise "that America will persevere until peace comes in Viet Nam."

Sen. Morse—who was once a Republican, then an independent, next a Democrat—said that if his candidate didn't win (and he didn't) he would support the Republican senatorial nominee, retiring Gov. Mark Hatfield.

HAVING URGED that the voters in the Democratic primary be given an opportunity to pass judgment on the Viet Nam war, Mr. Morse is unwilling to accept that verdict. This may explain how easy it is for him to move back and forth between the two parties.

Watch For Sale Plan To Communist China

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON — The Johnson administration is ready and willing to sell several or more million tons of surplus grain to Red China — barring violent congressional and public opposition.

President Johnson and his key advisers have definitely decided on this momentous new policy for the avowed purpose of avoiding armed conflict.

But before making a concrete offer to Peiping, which may or may not be accepted, the President wants to ascertain how Congress and the public at large are likely to react.

TO SOUND OUT sentiment, Cabinet members and other high officials will make speeches similar to Defense Secretary McNamara's before the American Society of Newspaper Editors in Montreal last week. His unexpected "era of cooperation" comments were the first trial balloon in this carefully planned backstage strategy.

Secretary Rusk will be the next to talk in this vein. In addition to his address before the Foreign Policy Association this week, he is slated to speak at a conference of educators in Washington June 16-17.

If it is deemed that a "favorable climate" exists, the President will take the lead and make a public overture to Peiping.

IT SHOULD BE emphasized such a move is not in the immediate offing. Many obstacles are still in the way both in the U. S. and abroad, and much unpredictable backstage maneuvering by both sides lies ahead.

For example, Ambassador John Gronouski has returned to Warsaw, after consultations in Washington, with instructions to inform Red China's ambassador that the U. S. is ready to sell grain to his country. This is a marked change in previous U. S. policy.

In the past, Washington's position has been that it would "consider" a Chinese bid for wheat. Now, in effect, Peiping is being given positive advance assurances it can purchase grain if it wants it.

The U. S. and Communist China have been exchanging views and communications on an informal basis at these ambassadorial meetings since August 1953.

This profoundly significant policy development is based on recommendations of a high-level inner administration committee headed by Undersecretary of State George Ball.

AFTER SEVERAL months of study of measures to ease the steadily growing war tensions with Peiping, the group made two major recommendations:

Offer to sell large quantities of surplus farm commodities, particularly grain, and agricultural machinery, especially tractors, which Red China urgently needs. It has only 50,000; needs at least 500,000.

Exchange weather data to provide China with advance warnings of typhoons — and other potentially disastrous storms.

Other members of this backstage committee include Secretary McNamara, Secretary Rusk, Agriculture Secretary Orville Freeman, Walt Rostow, former head of the State Department Policy Planning Council and now foreign policy adviser on the White House staff; Deputy CIA Director Richard Helms; and officials of the Justice and Commerce Departments and the Office of Emergency Planning.

While the President approved both committee recommendations, he drew the line at offering to sell farm implements. His view was that a start should be made with grain, and "then go on from there."

The President also vigorously cautioned on the absolute need for "selling this idea to our people" because of Peiping's ferocious propaganda attacks on the U. S.

Who Found Three 50-Cent Pieces To Decide Players For Tourney?

I had always thought that sports, both amateur and professional, were supposed to be contests of skill and strength. With this in mind, I have enjoyed sports, comparing the strengths and skills of the players and teams.

Whenever there were ties, there were playoffs or sudden death playoffs. These added greatly to the last minute thrills of being top winner.

All this is changed now. It came about with the three-way tie for first place in the Marin Athletic League baseball championships, with a tie among Novato High School, Tamalpais High School and Marin Catholic High School.

Theoretically there should have been a playoff to see who would represent the league in the Tournament of Champions. This would have been real sporting and exciting.

Was it decided that way?

Certainly not. The coach of each team was taken into a back room where he was given a half dollar — so it was told later. The decision was reached by the tossing of the half dollars with the odd man (in this case Marin Catholic) winning.

WHERE DID they get three half dollars anyway?

Just think of the possibilities that such a system opens up. Think of all the man hours of energy that could be saved! Think of the millions of dollars in spectator time that could be saved and put to some useful purpose! All of this could be put into something productive and probably raise the gross national product by several billion.

It would take a little time to get such a system started. Say that a baseball game was rained out. The two coaches could decide it by flipping a coin. This would gradually work its way into public opinion until everyone accepted it.

Then the next step would be if one coach didn't want to take his team somewhere else that day, he would just phone the other coach. They could just call their tosses over the phone.

THIS MIGHT LEAD a few honest people to doubt the call of each coach, but the public would soon grow accustomed to this. After all, who actually saw the tossing in the back room at Marin Catholic High School? Did the crowd outside waiting for the outcome see it? Certainly not.

This system could be worked out to speed up the otherwise long drawn out baseball season. The coaches of the big league teams could play all the games over the phone in a day or two and the pennant winners be decided early in April.

In fact the World Series could be played this way to. Then the whole baseball season could be condensed into a few hours of phoning and the players would be free to enjoy the summer the same as the rest of the population.

The possibilities of such a system are endless.

MRS. JEAN ANSLEY, trustee of the Novato Unified School District, had a harrowing experience after a recent board meeting. She emerged from the rest room to find that the lights had been turned out and that she was locked in the administration building.

How was she going to get out? She thought she could crawl through one of the small slanting windows perhaps. She thought of the coffee pot that could help her get through the long night. There were no blankets or coats that might help keep her warm.

Then the thought flashed across her mind — what would she tell her husband? Would he believe that she had actually been locked up in the building?

Luckily, she looked out of the front door and the other members of the board and staff were outside talking. She banged on it and they unlocked the door to let her out.

It was not until later did she learn that the building has a back door that can always be opened from the inside, but not the outside. She could have just walked out that way.

MORRIE RYSKIND

'Land Of The Free' Text Slants History For Ultra-Liberal Views

I have complete compassion for Job, that upright man from the land of Uz, and I understand fully his cry, "Oh, that mine adversary had written a book!" There would at least have been some compensation for his torment if he could have torn that book apart in a review for the Uz Daily Gazette.

Yet I doubt he would echo that cry today, when your adversary can not only write a book but make you pay taxes to get it into the public schools, while he lives handsomely off the royalties thereof. I'm not sure even Job could have taken that.

Three professors, John W. Caughey of UCLA, John Hope Franklin of Chicago, and Ernest R. May of Harvard, have written "Land of the Free," a history of the U.S. as seen through ultra-liberal eyes. Designed as a textbook for eighth graders, it has already been adopted, I'm told, by Denver, Detroit and Washington, D.C.

IN CALIFORNIA, both the Curriculum Commission and the State Board of Education have approved the volume.

Dr. Emory Stoops, a conservative professor of history at USC, thought the book anything but objective. He reports it distinctly slanted in the direction of the United Nations, UNESCO, the American Civil Liberties Union and so-called minority groups against the typical majority of Americans.

But "slanted" is a mild word indeed. I have just read the 658 pages and found hardly one that wasn't tilted, sometimes blatantly, sometimes subliminally — but always tilted.

E.g., the chapters on the Revolution make no mention of Nathan Hale. But a half-page goes to Phillis Wheatley, a Negro poet, including a portrait and a quatrain she wrote to George Washington.

SIMILARLY, MUCH is made of the fact that Crispus Attucks, a Negro, was among the five men slain at the Boston Massacre, who "have been enshrined as martyrs for liberty." Yet, interestingly, the names of the other four are not given. Must martyrs, to be mentioned, have the proper pigmentation?

Incidentally, there is considerable evidence that the crowd of 50 or so who were fired on were street rowdies rather than patriots, for the seven British soldiers were freed, with John Adams acting as their counsel.

This last fact is conceded by the authors but, nevertheless, in a chapter review, the children are asked to "write a report about Crispus Attucks." And, under the heading of "People to Remember," Attucks is listed with Sam and John Adams, Paul Revere, George Washington and Patrick Henry.

The Senate's constitutional right to advise and consent on treaties is given short shrift. "Washington came once to the Senate to discuss an Indian treaty. The Senate referred the matter to a committee. Irritated, he resolved never again to ask the Senate's advice, and this practice has almost always been followed."

NO ROOM FOR Nathan Hale — or Betsy Ross — but the scholars note that William Howard Taft was "the fattest man ever to be President."

Joe McCarthy gets a predictable lambasting, but not a word tells of the hundreds of Communist fronts of that era. Nor of Alger Hiss, Harry Dexter White and the rest of the motley crew of spies in our very government.

For the testimony of Louis Budenz, Ben Gitlow and Elizabeth Bentley, you must go elsewhere. The essence of "interpretive reporting" is that it must be selective.

The suffragettes chaining themselves to lampposts and the CIO sit-ins are justified, if only by indirection, and the subliminal message gets across. Booker T. Washington is damned with faint praise, but W. E. Du Bois gets the glory — with never a phrase about his later Communist connections.

Maybe it isn't good history, but it should prove an invaluable indoctrination for eighth graders who hope to join the ADA.

Aid To Aged

NEW YORK (UPI) — Few Americans have any idea how far behind the nation is in home aid programs for the sick and disabled aged, Dr. Margaret Blenkner, director of research at the Benjamin Rose Institute, Cleveland, reports.

She told the Boston Society for Gerontologic Psychiatry that in the United Kingdom, over 300,000 older persons now receive home aid; in Sweden, 50,000. But in the U.S., as of October, 1963, this type of assistance went to only 1,205 persons.

AID ON THE WAY

Electronic Household Help

NEW YORK (UPI—Household help — the cheerful, reliable "member of the family" type help—is a thing of the past, as any homemaker will tell you.

The woman who would help out with the cleaning, or cooking, or washing, or with the kids, depending upon the need of the moment has gone along with the old-time handyman.

But there's a replacement coming if you can hang on another couple of decades.

It will come in the form of a small, table top computer that will be instructed programmed to help with the shopping, cooking, cleaning and other household chores — and to do it on voice command; no complicated computer school for the lady of the house.

JUST WHAT COULD this electronic helper do around the house? Turn on the lights when it gets dark, close the windows when it rains, sound a burglar alarm if anyone tries to break in, control atmospheric conditions for the optimum in health and comfort.

If the bridge game were running longer than expected you could telephone the computer and give it new instructions. It could turn on the oven to start the meat and the stove-top burners to cook the vegetables, timing it so that the food would be done to a turn and piping hot when you sat down.

Or, shoulde you decide to dine out at the last moment, you could call your electronic chef and tell it it had the night off.

Sound far-fetched? Well, electronics engineers are confident this development is not only probable but possible within the next couple of decades. They cite the rapid strides of the past two decades and predict even greater changes in the years ahead.

GENERAL David Sarnoff, chairman of Radio Corporation of America, even foresees the day when computers will team up with the family television set to help with the shopping.

"By pressing a button," he said, "a housewife will be able to look at the merchandise in department stores or local shops and make her selections. She will push another button and the computer will place the order and make the necessary deduction from her bank account.

WHILE ALL THESE changes will be revolutionary in scope, the electronics experts stress they will come about in an evolutionary process. Most of the instruments of this revolution are at hand, and some already are in use.

It's a matter of time, but the day is coming when the family computer will act as a central control for all the electrically-run appliances and utilities in the home. Tiny electronic sensing devices located throughout the home will feed all necessary information to the computer.

For example, one sensing device will tell it when clothes in the dryer are free of moisture, and the computer will shut off the dryer. Another will tell the computer the water in the pot is boiling.

ALL KITCHEN APPLIANCES —food mixers, blenders, dish washers, ovens, refrigerators—will be run by the computer, with longer equipment life and an almost unlimited choice of performance characteristics as additional bonuses.

For example, pin-point speed control of food mixers—made possible by solid-state control devices—would permit use of this appliance for folding an angel cake—still a hand chore with today's mixers.

Of course, when it comes to cooking food or washing clothes, the housewife will have to put the soiled laundry in the washed and the meat in the oven. The computer control center is designed to help—not to replace—the lady of the house.

TODAY'S COMPUTERS cost too much for the home owner and before it finds its way into the home, chances are families will time-share a central computer with the neighbors, paying only for the time actually used. But, as computers get smaller and costs come down, the electronic helpers will begin appearing in homes.

Electronics engineers estimate that 30 per cent of the cost of an appliance is in the electro-mechanical control. Appliances of the future will contain tiny, solid-state sensing devices with the computer proving the control mechanism. And, since it is estimated for instance, that 60 per cent of all service calls on home laundry equipment involves the electro-mechanical timers and control devices, this will mean reduced service calls and costs.

STYLES MUST CHANGE

Tiffeau: Women Of Today Have No Age

EDITOR'S NOTE—As much as anyone, designer Jacques Tiffeau, 39, has changed the way American women dress. Even before Paris got around to them this year, Tiffeau was raising eyebrows with such styles as keyhole navels, see-through sheers and the highest hemlines in town. Now he brings them down. What does he think of the styles of today and tomorrow, and what about the criticism of them? Here's his report—in blank verse.

By JACQUES TIFFEAU

NEW YORK (AP) — Goodbye the old wardrobe! Goodbye the past!

The women of today have changed!

The style, the color, the shape, the length.

The women of today have no age!

From 20 to 50 years their activities are the same.

The woman of today moves! She votes. She drives a car. She goes to business.

She lives like a man, but with one big difference.

She has to be two or three women wrapped into one, she has to be seductive!

Her clothes speak for today.

They are not glued to the figure.

They must be fluid, light — they must move to map the discovery of her body, her body which is not restrained by any artifice or foundation

The fabrics, tweed, jersey, silk, are light without fragility.

The hair and makeup will be simple.

The shoes will be low-heeled or flat!

There must be some mystery for daytime, but done with a kind of throw-away chic.

There must be no tightly indented waistline or over developed bust, half of which is fake, or exaggerated makeup or walk. This kind of woman won't even make the sailor whistle!

The woman of today is slim, healthy, vigorous, active, and swinging through life.

The legs are it!

The best are in America.

There is nothing indecent or shocking about the length of skirts. They move with the tempo of the times.

Knees are not uglier than an elbow; bad nose, or sad mouth, and we don't cover them!

With the evening she can be more feminine, even sexy!

The color vibrant, even very wild. The jewelry, real or fake, must be important.

She was made to be seductive after 6. The fabric rich, the hairdo strong, even eccentric. The make up dramatic with the eye the focal point of the face.

The neckline low, provocative, sexy!

The "at-home dress" can go all the way and make her the queen of the evening.

Her personality should do the rest!

JACQUES TIFFEAU has the fashion industry gasping as he drops the hemlines to mid-calf as in this suit. The lowered hemline has been introduced in four Tiffeau suits for the fall and winter collection — possibly a trial balloon in the fickle winds of fashion. (UPI Telephoto)

New Generic Name For Stretch Fabric

A new generic name for a stretch fiber, lastrile, has been added to the Textile Fiber Products Identification Act.

A resurgence of interest in stretch fabrics for both home furnishings and apparel is predicted by textile executives this year. Although virtually eclipsed by durable press in 1965, stretch is bouncing back. Under development and soon to be commercially available, are new corespun yarns that will combine stretch and durable press in the same fabric. As a rule, textile men say any fabric that can be made into durable press — can be made with spandex.

Must Examinations

NEW YORK (UPI) — The periodic psysical examination, rapidly becoming a must for many Americans, provides much benefit in personal health information to the patient, the Health Insurance Institute reports. The institute, citing reports published by health examination clinics, states that while checkups are by no means foolproof, cemprehensive tests can detect any number of diseases or detrimental bodily conditions.

HELEN HELP US!

By HELEN BOTTEL

One Girl's Wet Blanket Can Be Another Girl's Comforter

This column is for young people, their problems and pleasures, their troubles and fun. As with the rest of Helen Help Us!, it welcomes laughs but won't dodge a serious question with a brush-off.

Send your teen-age questions to Youth Asked For It, care of Helen Help Us! the Independent-Journal.

DEAR HELEN:

My best friend is dating a drip. He wears glasses and talks about school work. She says he has a sense of humor, but I sure can't see it. They laugh about stupid things, and I don't even know what they're talking about.

He isn't even good looking! And he wants to be an archaeologist which you could see right there would make him fink-like.

How can I get her off this "brain" kick and back to the human race?

UG

DEAR UG:

One girl's wet blanket is another girl's comforter. Tend to your own knitting and don't needle your friend about what appears to me as a very wise choice.

H.

DEAR HELEN:

I took a girl out a while back and we got into an "argument." Just about the time I had her convinced, she read something in your column which she felt applied to our "argument." So she gave me the gate.

I can't understand why they let you run around loose, Helen. You're the biggest prude since Queen Victoria's time. Columnists like you should have their typewriters taken away and strips of masking tape on their lips.

I hope you're happy! Next time remember some fool girl I just about had convinced will take your words of idiocy seriously.

HELEN-HATER

DEAR H-HATER:

S'matter, Wan Don, did I louse up your love life?

(Well, score one for Helen! Her Victorian patter saved some "innocent young maiden from a Fate Worse Than Death.")

H.

DEAR HELEN:

You're going to give me a big lecture about this being "puppy love," but it hurts just the same. I am 14 and was going steady with this boy for two months, four and one-half days.

Then I found out he didn't like me any more. You'll say it's the same old problem, but when it happens to YOU, it isn't the same at all. Everytime I think about him I begin to cry. I know I am really in love, but he isn't. What can I do?

H-LOVER

DEAR H-LOVER:

. . . No lecture, honey. It doesn't help to say "You'll soon get over this," "It isn't real," because right now your hurt is the realest thing going, and it's human nature to feel miserable when someone you counted on cools off.

What WILL help is a you-to-you pep talk. Be honest: your pride took the biggest wallop, not your heart. Deep down you knew this couldn't last forever, but it's no fun being bounced. So stop with the lovelorn and rejected bit and get a little mad. Tears only irrigate self-pity, but if you can say to yourself (and finally mean), "Who does that big lug think he is, anyway?" you'll soon progress to a shrug . . . and another boy.

It shouldn't take over a week . . .

H.

Never Combine Two Cleaning Agents Advised

Never combine two cleaning agents, cautions Mrs. Cecile P. Sinden, Pennsylvania State University extension home management specialist.

The mixture may give off a gas that is injurious or poisonous. Whatever cleaner you use —solid, granular, liquid or spray — follow the directions. Don't mix chlorine bleach with ammonia, vinegar, lye, rust remover, toilet bowl cleaner or any other cleaning compound.

Karen Nelsen Is Bride In Moraga Rite

The Chapel of St. Mary's College at Moraga was the setting for the Saturday nuptials of Karen Lou Nelsen and Robert A. Krakowski of Berkeley. The bride is the daughter of Mrs. Nels C. Nelsen of San Anselmo.

Given in marriage by her brother, Morey Nelsen, Karen wore a white organza over taffeta gown.

Her sister-in-law, Mrs. Nelsen of Mountain View, was matron of honor, wearing a mint green organza over taffeta dress. The flower girl was Anina Stollar of Berkeley.

Robert O'Dell of Berkeley was the best man, and ushers were Lee Stollar of Berkeley and Alan Pasternak of Menlo Park.

After a wedding trip to Kirkwood Lake, near Tahoe, the couple will live in Berkeley.

The bride was graduated from Sir Francis Drake High School and attended George August University in Gottingen, Germany and the University of California, from which she received her degree. She has been employed with the student and alumni placement center at the university in Berkeley. Mrs. Ella Johnson of San Anselmo is her grandmother.

The bridegroom is the son of Mr. and Mrs. Anthony Krakowski of Cleveland, O., who attended the wedding. He was graduated from Parma Senior High School and received B.S. and M.S. degrees from Ohio State University, and is a candidate for the Ph.D. degree from U.C. in September. He is employed for the summer with the Lawrence Radiation Laboratory in Berkeley. John, Daniel, James and Lawrence Krakowski of Cleveland are his brothers.

Wine Authority Will Address Dental Women

LEON D. ADAMS

The Marin County Dental Assistants Society will hold its annual bosses' night Thursday at Dominic's Restaurant in San Rafael.

There will be a cocktail hour at 7 p.m. with dinner immediately following.

Guest speaker will be Sausalito wine authority and connoisseur Leon Adams, author, lecturer and world traveler.

His interest in drinking patterns dates back to 1923 when as a reporter he covered the prohibition beat for San Francisco newspapers. He helped organize the wine institute in 1934 and as its secretary spent 20 years unraveling the mysteries of wine for millions of Americans.

He spends several weeks each year touring the vineyards of California and Europe tasting wines.

PACK A PICNIC

JOLLY PICNIC BURGERS

A hamburger steak can be just as scrumptious as a "name" steak. All it needs is a little dressing up both in preparation and in title, and you serve hamburgers with fanfare and without apology! And for real burger know-how, remember to handle the meat lightly . . . the more gently you treat the patties, the more tender your burgers.

2 lbs. Jolly Ground Beef
1 3-oz. Pkg. Cream Cheese
1 tbsp. Crumbled Blue Cheese
1 tbsp. Finely Chopped Onion
1 tsp. Prepared Horseradish
1 tsp. Prepared Mustard
12 slices Bacon Pre-cooked Slightly
Salt and Pepper
6 Large Mushrooms Scored and Stems Removed

Divide ground beef into 12 mounds, flatten each to ½ inch thick. Cream the cheeses together. Stir in onion, horseradish and mustard. Top ½ the patties with filling leaving ½ inch margin for sealing. Cover filling with remaining patties, sealing edges well. Wrap edges of each burger with bacon using two slices and securing end with toothpick. Broil five inches from heat about 5 minutes. Sprinkle with salt and pepper. Turn and brown 5 minutes more. Season second side. While burgers cook, lightly brown mushroom caps in small amount of butter. Top each burger with a mushroom. Makes 6 servings.

WORTH A MILLION?

These are reproductions of two oil paintings that New York attorney and art collector Edward I. Elicofon, 62, bought 20 years ago for $500. Yesterday, the collector said he was sure the portraits are of Hans and Felicitas Tucher, painted in 1499 by German master Albrecht Durer, and worth at least $1 million.

GOP COMPETITION STEALS SPOTLIGHT

Christopher-Reagan, Brown-Yorty Contests Staying Hot Right Down To June 7 Wire

SACRAMENTO (AP) — Actor Ronald Reagan and former San Francisco mayor George Christopher are bidding furiously for the undecided Republican vote as California's gubernatorial primary campaign enters the final week.

Gov. Brown, meanwhile, sought to blunt the Democratic primary opposition of Los Angeles Mayor Samuel W. Yorty by spending most of the week in Southern California, home of 57 per cent of the state's 7.85 million registered voters.

However, Brown, trying for a third term, shifted north today and jibed again at Reagan for his attempt to move from the sound stages of Hollywood to California's Victorian governor's mansion.

"Let me add that I am a candidate for governor, and I am not competing in a screen test with Mr. Reagan," he said in a speech prepard for delivery in Sunnyvale.

The respected Field Poll, out last week, showed Reagan leading Christopher 45 per cent to 32 with 13 per cent of the vote undecided. Other candidates had 4 per cent.

Reagan quickly mounted plans for a three-day air tour of Northern California — where Christopher draws his strongest support — to convince the uncommitted.

Christopher announced he will leave tomorrow on a six-day campaign plane trip beginning with a news conference in his home city, San Francisco.

The voters got a look at them on the same television program Sunday and heard Reagan predict he'll not only defeat Christopher, but unseat the eight-year old Brown administration in November.

Christopher, who feels the race is a "tossup," said Brown is attacking him in the primary because the polls show Christopher would get more votes than Reagan in November.

Reporters at the taping of the television show said there was tension between Christopher and Reagan, who were on opposite sides in the bitter 1964 Barry Goldwater - Nelson Rockefeller California presidential primary. Christopher supported Rockefeller and Reagan, was a Goldwater campaigner.

But the ideological differences that have split the Republicans in the past appear to have been shoved to the background by State GOP Chairman Gaylord Parkinson's 11th Commandment — "Thou Shalt Not Speak Ill of Any Republican."

Disagreement between Christopher and Reagan is evident over charges of student misconduct at the University of California at Berkeley. Reagan demanded "an open public inquiry" but Christopher replied a legislative probe "will embarrass the 99 per cent of the fine students who are going to the university."

Much of the fire has centered around Democratic references to Christopher's 1940 prosecution for violation of the state milk price laws. Christopher and columnist Drew Pearson traded libel suits — and the former mayor charged "smear" — after Pearson wrote about the prosecution.

The Reagan-Christopher contest, and the public interest in whether the handsome actor can repeat the political victory of another Hollywood personality, U.S. Sen. George Murphy, has tended to overshadow the Democratic race.

The Field poll last week showed Brown leading Yorty 47 per cent to 22, with 27 per cent undecided. Other candidates had 4 per cent.

Yorty is hitting hard at Brown over student conduct at Berkeley and other issues, but the governor is pretty much ignoring the mayor, confident of a top-heavy primary victory.

Most political observers say Brown will win the primary. But they will be watching the size of his vote for an indication of whether he'll be able to hold the loyalty of the state's majority Democrats in the November runoff.

The latest figures show Democrats outnumber Republicans 4,485,777 to 3,125,884 in a state where the voters have shown a tendency to ignore party lines.

Attention also centers on one of the liveliest races in history for the Democratic nomination for lieutenant governor — a three-way race between incumbent Glenn M. Anderson, former U.S. Chief of Protocol Lloyd N. Hand and Thomas W. Braden, president of the State Board of Education.

Hand, a former Texan, is a friend of President Johnson's and Braden is friendly with U.S. Sen. Robert F. Kennedy, D-N.Y. But Hand said he's not the President's man in California and Braden has denied any connection with the Kennedys in the campaign.

Motorists Set New Record For Fatalities

By U.P. INTERNATIONAL

The nation's motorists set a new record for death on the highways during the three-day Memorial Day weekend. With late reports still coming in, it appeared today the record for a four-day weekend might fall as well.

A United Press International tabulation showed at least 509 persons were killed in traffic accidents between 6 p.m. local time Friday and midnight yesterday.

California led all states with 52 highway deaths. Michigan counted 39 dead in traffic, New York State 30, Pennsylvania 28 and Illinois 27.

Only Alaska, Hawaii, Rhode Island and Vermont survived the weekend with no fatal traffic accidents.

The National Safety Council record for a three-day Memorial Day weekend was set last year, when there were 490 traffic deaths. A record for four-day Memorial Day weekends was set in 1963, when 525 persons died on the nation's highways.

Howard Pyle, president of the safety council, called the

Compulsory Schooling Age Lowering Urged

WASHINGTON (AP) — An education commission called today for mandatory schooling for four- and five-year-olds and urged the federal government to provide general support for the revolutionary proposal.

The Educational Policies Commission said "education in this two-year period can affect the character of the child and all his future life more deeply than his education at any later period.

"Early childhood education, properly conducted, promises significant benefits to American life," it said.

In a report titled "Universal Opportunity for Early Childhood Education," the commission described the current practice of starting children to school at the age of six as "obsolete" since most children that age "have already developed a considerable part of the intellectual ability they will possess as adults."

The commission, jointly sponsored by the National Education Association and the American Assn. of School Administrators, regularly publishes statements of proposed policy regarding education.

The report emphasized that "children commonly called 'disadvantaged' are in the greatest need for early schooling, for they are most in need of help in developing their ability to live independently and creatively in a modern society."

At present, it said, schooling for four-year-olds is rarely free of cost and therefore is least available to those children who most desperately need it.

Hospitals Eye Medicare's Effect On Rates

SAN FRANCISCO (AP)—The California Hospital Assn.'s president says Medicare regulations may force a revision of rates charged patients.

Mark Berke, the president, noted the federal government is demanding that hospital rates reflect the precise costs of treating elderly persons covered by the Medicare program.

The government contends hospitals make a profit while treating those 65 years and older and use it to trim prices charged others.

Taking care of infants and births have been considered a "loss leader" by hospitals, Berke said.

"It is hard to argue with the government thesis that people should pay for what they get," Berke continued.

But the problem is that many hospitals do not now have accounting systems efficient enough to tell what each patient costs. The government has given hospitals 18 months after July 1 to develop such systems to determine exact costs.

"We don't know what the full impact will be," Berke said.

Earthquake Jolts Eastern Coast

RICHMOND, Va. (AP) — A rolling, rumbling earthquake that a Georgetown University scientist described as small and not unusual hit areas of Virginia early today.

Father Bernard McConnell of Georgetown said the quake measured about four on the Richter scale.

The quake was felt in a line from Washington to Richmond in the south, as far west as Charlottesville and east to Williamsburg.

No major damage or injuries were reported.

Teen-Agers Run Wild At Beach

NEW YORK (AP) — An estimated 4,000 teen-agers went on a rampage at Coney Island last night, letting off steam as the Memorial Day weekend drew to a close.

Police said the teen-agers — both girls and boys between the ages of 14 and 18 — engaged in fist fights, threw bottles and forced rides and booths to close early at the amusement center.

The rowdiness lasted about an hour before 200 policemen, including 150 reinforcements, broke up the milling, laughing youngsters.

A man needs a seventh of a second to wink his eye on purpose but when an insect darts toward someone's eye, it snaps shut by reflex in a third of that time.

Leak Of Secrets Jolts Navy Security Setup

WASHINGTON (AP) — A Navy serviceman assigned to routine duties in a "top secret" area methodically collected highly sensitive information and tried to sell it to the Soviets, it was learned today.

As a result, the Navy is tightening its security system around the world.

The Navy turned aside all questions about the case by saying that it is "under active investigation" and that "other details are classified."

Since the man involved held a secret clearance, it can be assumed that he had undergone a fairly stringent security check beforehand.

There was no indication of the specific nature of the material he tried to sell or whether the Soviets bought it. On these points, too, the Navy refused to talk.

The previously undisclosed case came to light in a notice to all ships and stations signed by Rear Adm. Rufus L. Taylor, director of the Office of Naval Intelligence.

The notice was intended, it said, to advise commanders "of the danger inherent in our present security system whereby an individual who has access to secret information may, through the peculiar nature of his duties, gain access to top secret information without an appropriate clearance."

It went on to say that "as a result of a recent case involving the compromise of classified material, a weakness in our security system was brought to the attention of the chief of naval operations."

Then it told the story, without giving any names or indication of where the espionage incident occurred.

It said a serviceman who had duties as a "watch stander," officer supply clerk, and repairman was placed on a list permitting access to spaces where top secret information was discussed.

As a result of his frequent appearances in the sensitive spaces, the notice said, "authorized personnel assumed that he held a top secret clearance."

Further, the commanders were told, the authorized personnel "failed to challenge his need-to-know."

"Through observation and pertinent questions, the serviceman managed to collect and collate information classified top secret," it added.

"In this case he contacted the Soviets with the intent of engaging in espionage for a monetary gain."

Citizen Group Backs Bonds

Formation of a San Anselmo citizen group to support passage of the county park bond issue, Measure A on the June 7 ballot, was announced today.

Heading the committee is Walter J. Anderson. Others include two members of the San Anselmo City Council: Mayor John M. Reichmuth and Councilman Duane C. Ragan.

A display of prints of the master plan layout and landscaping for Memorial Park — which the city hopes to complete with funds from the bond issue—and of recreation programs of the past year, will be in the San Anselmo Library beginning Thursday.

Marinites Seek Miss Tan Title

Four 18-year-old girls from Marin City are among a dozen Bay Area misses who will compete in the "Miss Tan America" beauty pageant at 6 p.m. Sunday in the grand ballroom of the Sheraton-Palace Hotel in San Francisco.

Winner will compete June 6-10 at Dallas, Tex., for the title of "Miss Tan America 1966."

Marin City contestants are Delorise Domino, JoAnn Jackson, Geraldine Dennard, and Jewel Lee.

Awards Banquet

Annual awards banquet of Redwood High School's Girls Athletic Assn. will be held June 7 at Tiburon Tommie's in Tiburon. New officers will be installed.

Khrushchev Is Well, His Wife Tells Press

MOSCOW (AP) — Nina Khrushchev says she and Nikita are leading a quiet life in the country and the ousted Soviet leader spends a lot of time reading and walking.

Three British newsmen ran into Mrs. Khrushchev yesterday at Moscow's Sheremetyevo Airport where she was saying goodbye to a niece going to Cuba. She gave the first authoritative account of Khrushchev's life in many months.

Khrushchev, 72, was replaced in October 1964, pensioned and given a villa outside Moscow. He has not been seen by Westerners in more than a year.

Talks of spouse

Mrs. Khrushchev confirmed reports that her husband had been through a long siege of kidney trouble but said he has made "an astonishing recovery."

"He was in the hospital twice, but he has fully recovered and is fit and well," she said.

"We live quietly these days. Our old friends come to see us from time to time. And we have our family out, of course."

Mrs. Khrushchev, who is 66, talked readily in English and seemed to enjoy the encounter with the newsmen. She looked well and somewhat thinner.

Russians in the crowded terminal took no outward notice of her.

State Lists Hikes In Worker Pay

SACRAMENTO (AP)— Labor-management negotiations have produced wage increases for an estimated 778,000 Californians this year, the State Industrial Relations Department reported today.

A report issued by the department's Labor Statistics and Research Division said most of the workers will receive boosts of at least 10.2 cents an hour.

Raises will be highest in the construction industry, where the median raise is 24.4 cents an hour. Other reported median raises will be about 10.1 cents in transportation, communication and public utilities; 9.2 cents in trade and service, and 8.9 cents in manufacturing.

Martha's Vineyard Has Unusual Hold-Up

MARTHA'S VINEYARD, Mass. (AP) — A masked gunman who held up a bartender there and escaped with $226 last week ended a long and proud record of this island resort community.

Island police had to have their first holdup investigation since the 1880s.

Politics Professor Raps State For Gerrymandering

BERKELEY (UPI)—The two-party system has lost much of its vitality in California because of gerrymandering, according to a University of California political scientist.

Eugene C. Lee, author of "The California Governmental Process: Problems and Issues," said yesterday that "a clear majority of California Congressional and Assembly districts" are "invulnerable to capture by the opposition party."

In these districts, the party primary is tantamount to eelction.

He pointed out that the GOP gained 47 per cent of the votes in the 1964 election, but got only 40 per cent of the seats in the legislature and Congress.

Democrats got 7,266 more votes than Republicans in huge Los Angeles County, but won 11 of 15 congressional seats.

GOP legislators usually come from lopsided Republican Districts. Lee said this frustrates any attempt or any desire by the legislator to build a bipartisan statewide following.

"It is no surprise, then, that no incumbent GOP congressman or state legislator was promnienently mentioned as a candidate for the gubernatorial race of 1966," Lee said.

Zebras Cause Lift Of Ban On Travel

ALBUQUERQUE, N.M. (AP) — Albuquerque officials have lifted their recent ban on out-of-state trips by city employes to allow a zoo attendant to accompany two zebras to Colorado.

The female zebras are being taken to Colorado Springs for mating. The ban on travel was initiated to save money.

Nevada Rescue Search Goes On

LAS VEGAS, Nev. (AP)—Helicopters shuttled searchers into the brushy canyons of Mount Charleston today to hunt for a six-year-old boy lost in near-freezing weather for four days.

Each passing day has dimmed the hope that Larry Jeffrey of Henderson, Nev., hard of hearing since birth and wearing only blue jeans and a short-sleeved shirt, will be found alive.

The Clark County sheriff's office has directed more than 300 searchers, including volunteers, over 50 square miles of mountainside since the boy got lost on Saturday after leaving his family's picnic area.

I was 14 years old

NOW PAYING 4.15% WHEN HELD TO MATURITY

Mr. Jack Benny, distinguished star of the entertainment world, may not have a computer's memory when it comes to his age, but his dates are accurate about Savings Bonds.

The first Series E U.S. Savings Bond was issued 25 years ago on May 1, 1941, by Secretary of the Treasury Henry Morgenthau to President Franklin D. Roosevelt.

Mr. Benny was already famous as a radio comedian (the youngest in the business, by his own admission). And in the years which followed, he proved himself to be a good friend of the Bond Program, not only buying Bonds, but helping to sell them to the American people.

Through his efforts and those of countless other volunteers in radio and TV, stage and screen, and in all walks of life, the American people have bought more than $150 billion in Bonds.

Of these, about $100 billion have been cashed in for emergencies, homes, retirement, etc. The balance is being held by tens of millions of American families—a star-spangled nest egg for the future.

Why not start building your nest egg with Savings Bonds—for yourself, and to back up our men in Vietnam. But give it a chance to build up by starting young. Like Jack Benny.

NOW—Savings Bonds Pay 4.15%!

Interest on new E and H Bonds you purchase has been raised to 4.15% when held to maturity. E Bonds mature faster—now in just 7 years. Your old Bonds will earn more, too. Savings Bonds are better to buy, and hold, than ever.

Larkspur Group Hits Bonds

Friends of the Larkspur Library voted at their annual meeting to oppose the $4.3 million county parks bond issue, Mrs. Arthur Sestak, newly elected president, announced today.

The organization felt the proposal "would jeopardize plans for a future Larkspur library," she said, since the site for a new library would be part of a recreation complex the city plans on filled land of the former county dump. Larkspur plans a city bond issue to finance the development.

"The county parks bond issue, if passed, would give the City of Larkspur $129,000, which could not be used for building the library and which would only partially meet the recreation plans for this area.

"Thus the Friends of the Library felt this would impair the passing of a second bond issue to complete the recreation plan and to build a new library," said Mrs. Sestak.

Elected officers of the organization, along with Mrs. Sestak, were Mrs. Raymond Reilly, vice president; Mrs. Bradford Giles, treasurer; Mrs. Alfred Kraeger, corresponding secretary; Mrs. Thomas Grosch, recording secretary.

Appointed chairmen were: Mrs. Kenneth Shaff, program; Mrs. Thomad Medchill, publicity; Mrs. Arthur Croker, Mrs. W. Benier and Mrs. William Paddock, displays.

$600,000 Suit Filed On Death

A Novato woman has filed a $600,000 suit in Sonoma County Superior Court for the death of her former husband in a two-car accident in April, 1965, on Highway 37 west of the Napa River Bridge in Sonoma County.

Mrs. Joan Martineau of 2265 Center Road filed the action against Donald Brazell, Thomas Kjeldgard and about 20 other persons. Her former husband, William J. Sheehan Jr., was a passenger in a car driven by Brazell which collided with one driven by Kjeldgard.

Mrs. Martineau is the mother of Michael, Nancy, Kellie, Joni, Michelle, and Patrick Sheehan. She was divorced from Sheehan five years ago.

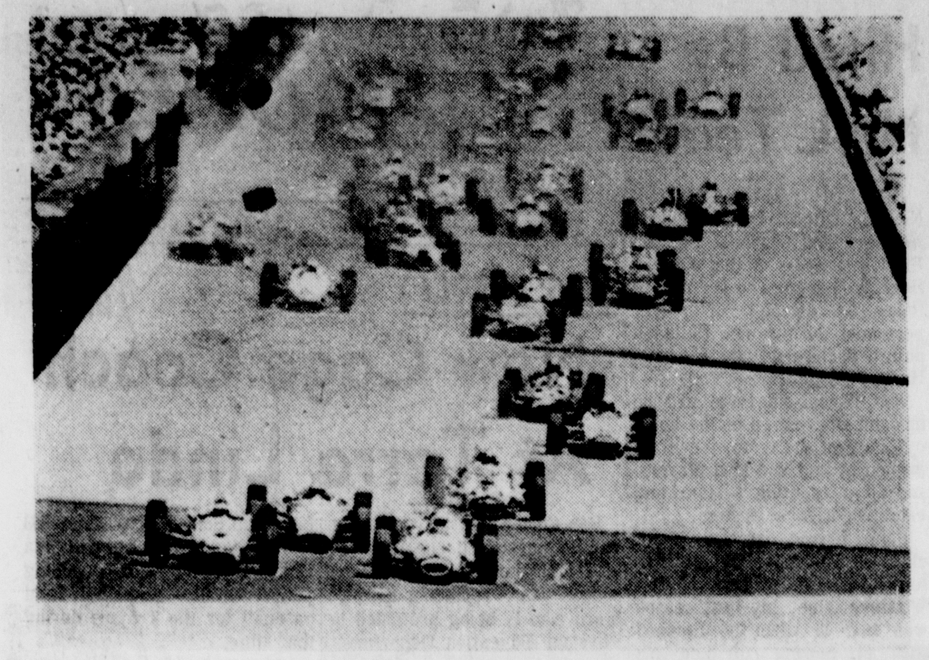
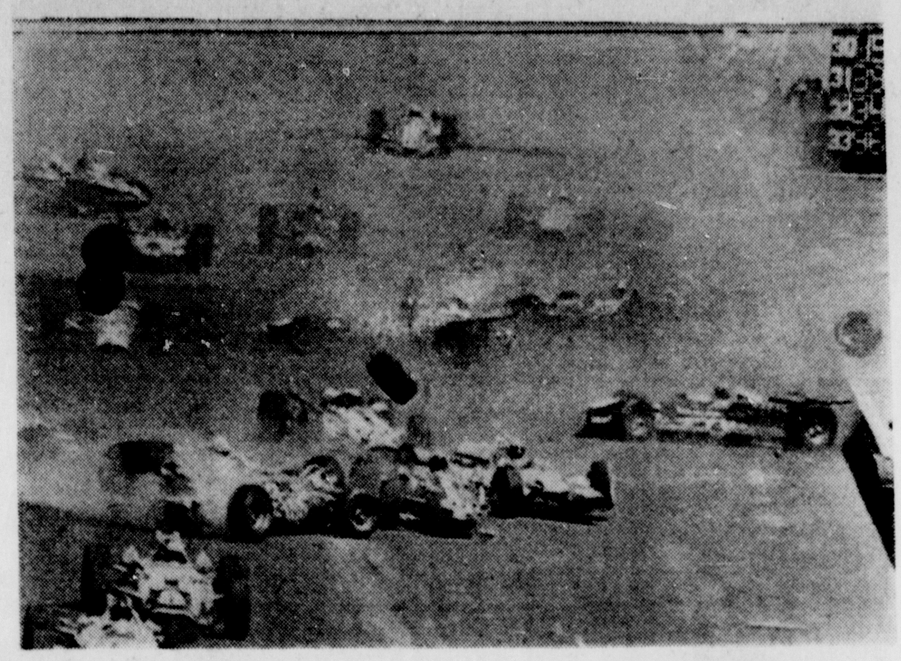
Hill Declared Official Winner Of '500' Race





Sequence shows spectacular 16-car pileup at very start of yesterday's Indianapolis 500-mile race. (UPI telephotos)

No Protest By Runnerup Clark

By DALE BURGESS

INDIANAPOLIS, Ind. (AP)—Londoner Graham Hill was confirmed today as the winner of the 50th Indianapolis 500-mile race, and a protest filed by fourth-place Gordon Johncock was denied.

Anthony Granatelli of Chicago, representing runnerup Jim Clark of Scotland, had considered protesting Hill's victory, but he said after a conference with timers and scorers that Clark's crew had missed one time when Hill passed Clark.

Johncock, of Hastings, Mich., complained specifically because he had one lap taken from him at the restart of the race, after his crew had been prevented from working on his car in the pit between the start and the restart.

A rule requires that a car in the pits at the time a race is restarted must complete one lap before counting starts.

Johncock's car was damaged in a 16-car smashup moments after the start of the race. His crew was not allowed to work on it in his pit until the race was restarted. The same rule was applied to four other cars that were in the pits after the pileup.

Granatelli said, "We concede that we missed one time when Graham Hill passed us (Clark)."

He said Clark could run no more than 150 miles an hour because of chassis problems that developed after two spins.

Unchanged in the other top 10 positions were:

3. Jim McElreath, Arlington, Tex.; 4, Gordon Johncock, Hastings, Mich.; 5, Mel Kenyon, Davenport, Iowa; 6, Jackie Stewart, Dunbarton, Scotland; 7, Eddie Johnson, Richond Heights, Ohio; 8, Bobby Unser, Albuquerque, N.M.; 9, Joey Leonard, San Jose, Calif.; 10, Jerry Grant, Santa Ana, Calif.

Official winner

Massive, Flaming Pileup At Start

A massive, flaming pile-up involving 16 of the 33 starters scattered wrecks over the track and sent wheels and parts spraying into the crowd after a mishap on the first turn. Miraculously, only one driver—A.J. Foyt of Houston, Tex.—and 14 spectators received only minor injuries.

The 36-year-old Hill, making his first start in America's most prestigious auto race, was declared the winner after the track was cleared and the race restarted with the field trimmed to 22.

The tradition-shrouded race was fouled up from the beginning, when No. 1 starter Mario Andretti barely had crossed the starting line in the flying start before Billy Foster of Victoria, B.C., only Canadian in the line-up, collided with Gordon Johncock of Hastings, Mich. Foster said somebody crowded him.

That set off a spectacular chain reaction pile-up which eliminated 11 cars and wiped out such strong contenders as Foyt, Don Branson, Champaign, Ill., and Dan Gurney of Costa Mesa, Calif.

The race had to be restarted because of an impassable track, delaying the show an hour and 24 minutes. The only other wreck-caused restart was two years ago after drivers Eddie Sachs and Dave MacDonald were killed in a flaming second-lap pile-up.

The numerically worst previous accident, the 15-car wreck on the first lap in 1958, left driver Pat O'Connor dead in a burning car.

European road racers in the field, Hill and Gurney in particular, criticized the bunched, flying start which sets up chain reaction wrecks.

"We generally do not have these chain reaction type accidents on the Grand Prix circuit, where we begin from a standing start," said Hill, a rookie at Indianapolis but a former world road racing champion. The field quickly strings out after a standing start.

Only 17 Cars Left To Restart

Only 17 cars were left for the single file restart. Five others waited in the pits for minor repairs.

Of the 22 cars that finally got rolling, four others were eliminated by wrecks of drivers Johnny Boyd, Fresno, Calif.; Al Unser, Albuquerque, N.M, and a collision of George Snider, Fresno, and Chuck Hulse, Downey, Calif. None was hurt.

The 11 other failures went out with assorted mechanical troubles, including leaders Andretti, broken valve; Lloyd Ruby, Wichita Falls, Tex., oil leak, and Stewart oil pressure failure.

Stewart almost added the Indianapolis 500 to his May 22 Monaco Grand Prix victory, leading the field by more than a lap at one time before his Lola-Ford failed with 25 miles to go.

Hill also drove an English-American hybrid Lola-Ford, owned by John Mecom Jr. of Houston.

Ruby made America's best showing. He took the lead from Clark three times in the first three-quarters of the race, twice when the hard-pressed Scot went into spins—both times without hitting anything—and once by outrunning Clark on the mainstretch.

Jim McElreath, Arlington, Tex., finished third in a Gerhardt-Ford. Rookie Mel Kenyon of Davenport, Iowa, who lost most of his left hand in a racing accident last year, was awarded fifth place, highest for an Offenhauser-powered car, and lacked only one lap of finishing when the race was declared ended. Johncock was fourth.

With the yellow caution light on 40 minutes of the race, compared with only 13 minutes in 1965, Hill's average speed of 144.317 m.p.h. was far off Clark's record 150.686.

Prep Tourney A Huge Success; Marin Catholic A Real Champ

SUCCESS: Marin Athletic League owes a debt of gratitude to Redwood High School's Al Endriss for his tremendous promotion of the Redwood Baseball Tournament of Champions.

The estimated 7,000 fans, visiting coaches and players and professional scouts who sat in on last weekend's third annual event at San Rafael's Albert Field hailed it as a great prep attraction. Many feel it will soon enjoy the prestige that accompanies Berkeley's long-established basketball Tournament of Champions.

Marin Catholic's victory made this year's T of C all the sweeter, pointing out the Marin League's superior brand of baseball.

AND WITH nine other leagues participating, the Marin league gained wide-spread publicity.

Ironically, Endriss offered sponsorship of the tourney to the MAL last year, but the board of managers turned it down. Thus, Redwood High School gets to keep all the profits.

Endriss, by the way, directed the entire tournament with the help of eight Redwood students, a considerable task with 13 games in three days, not to mention all the paper work, organizational chores and promotional ballyhoo.

Unfortunately, San Rafael's Albert Field could not seat everybody for Marin Catholic's first and third games and the crowd spilled out of the main grandstand, along the foul line fences and into the centerfield stands some 400 feet from home plate.

"I want a bond issue for more bleachers," Endriss half-joked.

ALSO, THE Albert Field scoreboard lights did not function, leaving fans in the dark as to the balls and strikes, outs, hits and errors. Endriss said, "It would have cost only $20 to get the board in working order, but I'll be darned if we were going to pay for it. That board belongs to San Rafael and I think the city should have had it fixed."

ENDRISS PRAISED the deportment of the teeners, noting, "You read a lot about kids getting in trouble, but we had 7,000 people here in three days without a single ugly incident. Remarkable!"

An interesting tourney statistic: Eighteen hundred hot dogs were sold in three days. Most of the tube steaks were devoured on Thursday and Saturday since they aren't too popular around Marin Catholic events on Fridays.

FOR A SCHOOL that hasn't won much of anything in athletics, Marin Catholic certainly teaches its athletes and students how to act like champions.

The Wildcats' performance on the field and the rooting section's conduct in the stands led you to believe they were old hands at winning these things.

They were a credit to their school, league and county. I wish their conduct were preserved on film for showing throughout the country as Exhibit A in Prepdom's Wonderful World of Sports.

Precarious Journey For Hill

INDIANAPOLIS, Ind. (UPI) — Luck was worth more than speed when Great Britain's Graham Hill won the golden anniversary 500-mile auto race.

His speed, 144.317 miles per hour, was the slowest since 1963, but his luck probably was the best in 50 years.

Only six of 33 starting cars were running at the finish yesterday. Twenty-seven cars were eliminated by mechanical trouble or spectacular crashes. Only four cars went the full 500 miles before the 300,000-plus spectators.

Former Grand Prix world champion Hill came within "inches" of a 17-car pileup which eliminated 11 cars seconds after the scheduled start.

WEAVES THROUGH

"I was very fortunate," he said. "I just wandered in and out and made it through."

Hill tonight probably will collect about $175,000 from a total purse expected to be about $700,000.

With 25 miles to go, Scotland's Jackie Stewart, who had led for 37 laps, developed a sour motor and had to give up, permitting Hill to take first place.

He avoided crackups which put Johnny Boyd, George Snider, Chuck Hulse and Al Unser out of the race. He wasn't close by when Jimmy Clark, the 1965 winner, spun twice into the infield but evaded two rival cars and walls to regain control of his vehicle and continue racing.

Hill pulled into victory lane to be met by beautiful festival Queen Suzi Harrison. Suzi gave him a demure peck on the cheek. Hill grabbed Suzi's cheeks with both hands and gave her a long buss on the mouth.

ANSWER LOST

He also tried to tell newsmen about the race, but most of his answers were drowned out by photographers who kept yelling at him to give Suzi, who said before the finish of the race that she had never kissed a race driver, another long kiss.

He did more kissing than talking. But he said he would return in 1967 to defend his title and that his car performed "faultlessly" during his steady drive to victory.

Hill, who was 1962 world Grand Prix driving champ and has been piloting race cars since 1954, was a rookie in the Indianapolis chase, the first rookie to win the crown since 1927 when George Souders turned the trick.

JUAN GOES TONIGHT

Sadecki Does It!

CINCINNATI (AP) — Ray Sadecki feels his 8-4 victory over the Cincinnati Reds last night was just what he needed to settle down as a pitcher for the league-leading San Francisco Giants.

"I'm over the hump," the 25-year-old lefty said happily after the game. "And I like those runs we got tonight."

Sadecki, who had lost two games for the Giants since being traded from St. Louis, said he "mixed fast balls with change-ups" to beat the Reds, who collected only five hits while losing their third game in a row.

"You can't start aiming the ball in this small park," Sadecki observed. "But this was a better park in which to pitch tonight than Candlestick Park. Some of those balls caught in right field would have carried for homers because of the wind there."

Right fielder Ollie Brown caught eight fly balls and some of them were near the fence, but the Giants also slammed several balls in that direction.

Willie McCovey and Tom Haller got the Giants off to a fast start with second-inning homers. Haller's blast came with a mate aboard, and the Giants continued to batter Cincinnati pitching for 12 hits.

Both Jim Davenport and Willie Mays came through with a pair of run-producing singles while Sadecki kept turning back the Reds in order.

"He's had good stuff since he joined us," Manager Herman Franks said. "He has been a little wild. He pitched a good game."

Sadecki's wildness was evident only in the third and ninth innings. In the third, he walked three Reds and two of them scored on Pete Rose's single to center.

In the ninth, Sadecki gave up a single to Deron Johnson and then threw a wild pitch that allowed the Reds' outfielder to advance and score on Tommy Harper's single.

Harper also homered in the seventh for the Reds.

Seven of the Giants' runs were off losing pitcher Milt Pappas,, who left in the fourth. Pappas, who had gone into the game with four straight victories, is now 4-3.

"This is one of the few times our pitching has not held up," said Reds' Manager Don Heffner. "As for Pappas, they hit some good pitches. It just wasn't our night."

Cincinnati not only has a four-game losing streak going, but has to face baseball's hottest pitcher tonight. Juan Marichal shoots for his 10th win without a setback while the Red's counter with Sammy Ellis, a 20-game winner of 1965 who is only 2-6 this season.

$20,000 Tennis Tourney At Peacock June 22-26

The 1966 Peacock Gap Invitational Professional Tennis Tournament, with the world's top stars vying for $20,000 in prize money, will be played June 22 through 26 at the Peacock Gap Beach Club, San Rafael, Tournament Director Jerome Draper Jr. announced yesterday.

Draper also said the conventional tennis scoring system would be displaced by the Van Alen Simplied Scoring System (VASS) in which each point counts one. The first man to win 31 points—with serves changing every five points—wins the set. A match can be completed in 30 minutes, Draper said.

Australian Rod Laver, winner of last year's Peacock Gap Invitational, will compete again, said Draper, as will most of the other top pros, including Pancho Gonzales, Ken Rosewall, Andres Gimeno, Barry MacKay, and others.

Draper said a new special lighting system, developed by the pros, will be installed at the Beach Club stadium in time for the tournament.

Matches will be played from 3 to 6 and 7 to 10 p.m. on Wednesday, Thursday and Friday, June 22, 23, 24, with semi-finals and finals on Saturday and Sunday.

St. Louis All Agog Over Cepeda's Batting Heroics

Ex-Giant Has Cards On Winning Streak

By JOE GERGEN
UPI Sports Writer

Orlando Cepeda's stature in St. Louis is rivaled only by the gleaming new Gateway Arch which towers above the Mississippi River.

Just as the arch, a 630-foot structure, symbolizes St. Louis' role as the "Gateway to the West," the 6-foot-2 Cepeda represents the gateway to the first division for the Cardinals.

He represents even more to General Manager Bob Howsam, who stuck out his neck prior to the season by trading away established stars Ken Boyer, Dick Groat and Bill White for unproven talent. But Howsam increased his popularity tenfold with Cards' fans by acquiring the powerful Cepeda from the Giants for southpaw Ray Sadecki on May 8.

That trade now ranks as one of the most dazzling "steals" in years since Cepeda has transformed St. Louis from a punchless club struggling to stay out of the National League cellar into a possible pennant contender.

The muscular first baseman collected four hits, including his eighth homer of the season, in four appearances last night, drove in two runs and scored the other as the Cards whipped the Houston Astros 3-1. It marked St. Louis' fifth victory in its last seven games.

Cepeda has hit a sizzling .429 since joining the Cards. But more important, the Redbirds have rolled along at an 11-7 pace (.611) compared to an 8-14 mark BC (Before Cepeda).

ON THEIR WAY

"The Cardinals are on their way," exclaimed a joyous Cepeda in the St. Louis dressing room following the game. "A lot of people are going to be surprised. We're not too far from the first division."

To be exact, St. Louis is 1½ games out of fifth place.

Cepeda has hit five homers in 18 games with St. Louis, two more than he had in 19 games with the Giants. His .429 pace during that span, coupled with his .286 mark for San Francisco, has lifted his batting average to .330 and his RBI total of 26 places him among the N. L. leaders.

The Giants, meanwhile, got their first dividend from league-leaders to an 8-4 victory over Cincinnati, and Los Angeles lashed Atlanta 10-6 in other Memorial Day night games. In a pair of doubleheaders, Pittsburgh swept Chicago, 3-2 and 5-3, and New York split with Philadelphia, winning the nightcap 3-1 after losing the opener 7-2.

GIBSON WINS

Bob Gibson was the recipient of Cepeda's batting splurge. The fireballing righthander mowed down the Astros on three hits, all singles, in gaining his sixth triumph in 11 decisions. Gibson struck out ssven and walked two.

Maury Wills led off the game with his first homer in 21 months and the Dodgers poured it on with 16 hits, including seven doubles, to tie their top output of the year. John Roseboro and Tommy Davis each rapped out three hits and winning pitcher Don Drysdale chipped in with two safeties and an RBI. The big righthander was tagged for three Atlanta homers.

CLEMENTE STARS

Roberto Clemente homered and scored the winning run in both games of the Pirates' twin killing. Clemente, who scored the winning run when Don Kessinger committed his third error of the game in the eighth ing of the opener, climaxed a three-run seventh-inning rally in the nightcap with a two-run homer off reliever Billy Connors. Clemente homered off Dick Ellsworth in the first game.

Jack Fisher hurled six strong innings of relief after the Mets lost their second game starter, Dick Selma, in a battle of brushback pitches. Fisher limited the Phillies to six hits and one run to notch his second victory. Philadelphia had used the seven-hit pitching of Jim Bunning and homers by Richie Allen, Bill White, Bob Uecker and Johnny Callison to win the first game.

SADECKI AROUND AT FINISH

Cincinnati pinch-hitter Chico Ruiz walks dejectedly away after San Francisco pitcher Ray Sadecki, shown receiving jacket from bat boy, retired him and Reds, 8-4 last night at Cincinnati. It was Sadecki's first victory and first complete game since joing the Giants in trade for Orland Cepeda May 8. (UPI telephoto)

Harada Keeps Title In Win Over Jofre

TOKYO (AP) — Fighting Harada of Japan, pressing the fight all the way, retained his world bantamweight boxing championship today with a unanimous 15-round decision over Eder Jofre of Brazil.

Despite a nose bleed that started in the 11th round, the champion appeared fresh throughout the bout. He started each round by trotting vigorously across the ring and catching his foe almost before the latter could get out of his corner.

"I tried for a knockout," Harada said. "I thought I had him in the fourth round."

There were no knockdowns. However, Harada opened a cut over Jofre's left eye in the sixth round, and the challenger bled profusely through the late rounds.

Referee Nick Pope, an American government employee living in Japan, scored it 69-68 for Harada. Judge Takeo Ugo had it 71-69 and Judge Hiroyuki Tezaki 71-68, both for the champion. The Associated Press scored it 73-68 for Harada.

Harada, at 23 seven years younger than the Brazilian, barely made the 118-pound limit. Jofre was two pounds lighter at 116. The bout was watched by a crowd of 15,000 in Budokan Hall, built for the Tokyo Olympics.

It was the second defeat in a 74-bout career for Jofre, who lost the world crown to Harada by a split decision a year ago at Nagoya, Japan.

Marin Pro With New Team, But No More Success

Steve Miller of San Anselmo, former Drake High School pitcher, is now pitching for the Salisbury Astros of the Western Carolinas League, but isn't having any better success than he had earlier this year.

Moved from the Durham, N. C., team of the Carolina League, where he was being shelled this season, Miller allowed four hits, five walks and fanned two in his first five innings for Salisbury. Both Durham and Salisbury are Houston Astros farmclubs.

His earned run average for Salisbury from that one game is 5.40, according to Player Periscope of Novato. He came out of the game with no decision, however.

Litchfield Streak Is Snapped

Litchfield's of San Rafael beat the Mi Rancho nine 5-3 Sunday but then lost to the Yountville semi-pro team by the same score yesterday.

Jerry Ard hit a two-run homer to lead the attack for Litchfield's Sunday in a game at Albert Park in San Rafael. Bob Lombardi, Marin Catholic High School shortstop who was named to the all-tourney team the night before at the Redwood Tournament of Champions on the same field, contributed a ground rule double which bounced over the leftfield fence, knocking in two runs.

Winning pitcher in that game was starter Rich Nye, southpaw for the University of California Bears baseball team. He split the pitching with Bob DeRosa, another southpaw. Each hurler fanned nine batters and allowed one hit. One of the hits off DeRosa was a two-run homer.

STREAK SNAPPED

Then yesterday, at the Yountville Veterans Home diamond, Litchfield's blew a 3-0 lead to end a five-game winning streak. A three-run double in the bottom of the eighth won it for Yountville.

Don Lauters led the Marin nine with a pair of singles and a double and John Dolinsek of Novato, another prep star out of the Marin Athletic League, cracked a single and double.

Starter Frank Burch allowed three hits and one run in his four innings of work, but reliever Dave Aldrich was unable to hold the lead, being stung for the loss.

It was only the second loss for Litchfield's in its last 21 games.

Jack Lamabe must be perfect before breaking into the Chicago White Sox pitching rotation.

Lamabe was one hit shy of perfection yesterday, giving up a lone eighth-inning single to Joe Foy and hurling the White Sox to an 11-0 victory over Boston after Chicago won the opener 1-0 on John Buzhardt's five-hitter.

An established middle-distance reliever, Lamabe finally got a shot at going the distance but pitched himself back into the bullpen.

"I decided to give him a chance at starting Sunday because he pitched well in relief in his last outing," Chicago manager Eddie Stanky said after the game. "I might start him in spots from now on, but I'll keep him in the bullpen since we're shorthanded there."

With the likes of Buzhardt, Tommy John, Joe Horlen, Gary Peters and Juan Pizarro, the White Sox are deep in starters but have had to depend on Bob Locker (35 innings) and Eddie Fisher (29 innings) for relief.

Young Bruce Howard, who gives Stanky an added starter, blanked New York over the final three innings Saturday, John hurled a shutout against the Yankees Sunday and Buzhardt and Lamabe weren't scored on Monday to run Chicago's string of consecutive scoreless innings pitched to 30.

Elsewhere in the junior circuit, California swept a pair from the American League-leading Cleveland Indians 7-2 and 4-3, Baltimore whipped Minnesota 5-1 before losing 7-4, Washington shaded New York 2-1 after dropping the opener 4-2, and Detroit topped Kansas City 5-2.

Lamabe, a Boston castoff making his first start in the A. L. in two years, mowed own his former teammates for seven innings before Foy lined a clean single to center leading off the eighth. In raising his record to 2-1, the 29-year-old righthander struck out six and walked two.

"I got a reprieve when the White Sox purchased me from Houston last December," Lamabe said. "I'm glad to be back in the American League."

HITTING SUPPORT

Lamabe was provided hitting support by Don Buford and Tom McCraw with three hits apiece and Buford and Tom Agee with four uns each as the White Sox scored three runs in the first inning and four in the fourth.

In the opener, Moose Skowron singled home Floyd Robinson in the seventh inning to hand Buzhardt his 10th victory in 13 lifetime decisions against the Red Sox.

Earl Wilson allowed seven Detroit hits but dropped his third game against five triumphs.

Dennis McLain, the junior circuit's winningest hurler with an 8-2 ark, pitched his second one-hitter of the season as the Tigers whipped the cellar-dwelling A's. Norm Cash drove in three runs with a homer and two singles to back McLain, who lost his no-hitter in the fifth when Phil Roof lined a double to left center.

The Angels handed the Indians their second straight doubleheader setback and cut Cleveland's lead over second-place Baltimore to three games. Jim Fregosi's leadoff homer in the seventh inning provided the margin of victory in the opener.

Bobby Knoop poled a two-run homer in the nightcap and rookie pitcher Minnie Rojas recorded his first major league victory. Rojas went 5 1-3 innings, then needed relief help from Dean Chance, who was relegated to the bullpen after falling down in starting roles.

Marr In Golf Day Victory

AKRON, Ohio (AP) — Dave Marr has given some 100,000 golfers a tough score — par 70 — to shoot at if they want to earn a Beat The Champion certificate from the PGA.

All entrants must record a score of one-under-par, including handicap, to beat Marr, who fired a 33-37—70 at the Firestone Country Club layout yesterday to win National Golf Day's Round of Champions by one stroke over Gary Player.

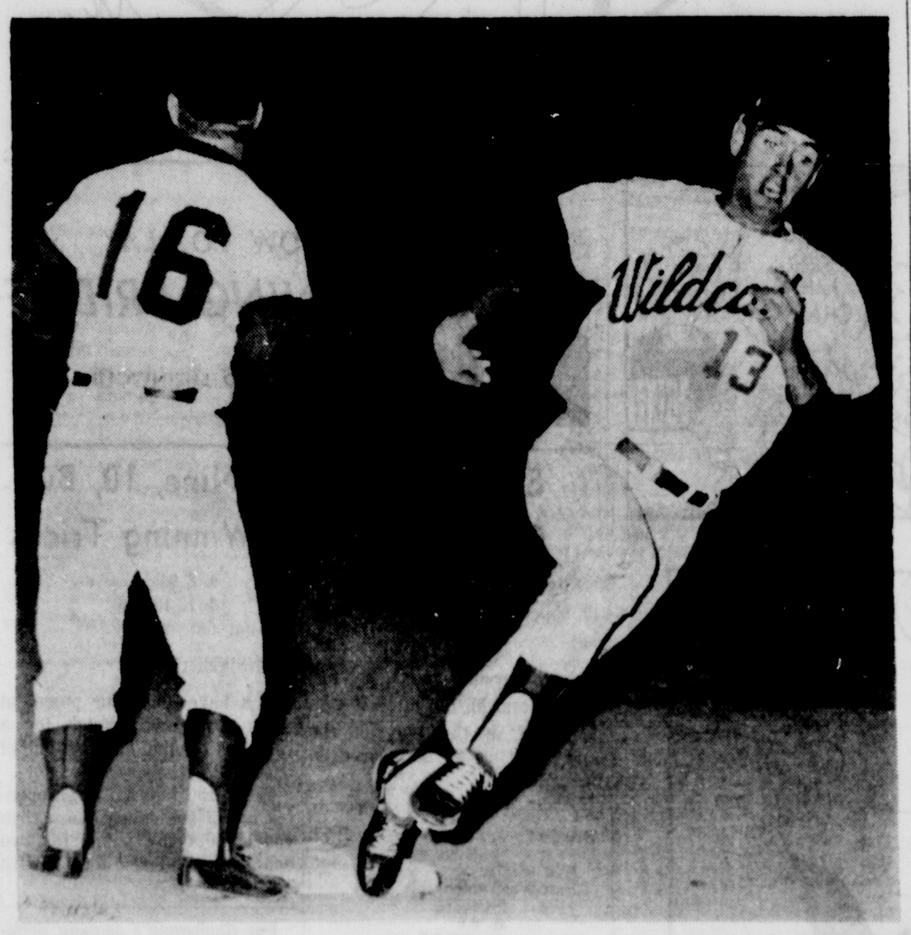
Marr, PGA titleholder, toured the front nine of the 7,180-yard, par 70 course in two-under, but was two over on the last nine to break even. Player, U.S. Open champ from South Africa, finished 37-34—71 and kept hitting to his left on the front nine.

"I have no excuses," he said. "I just played a lot of junk."

Player rushed on the course after spending the night in Columbus with Jack Nicklaus and was four strokes down after the first nine. Player got to within one-stroke when Marr took a bogey on the 12th, but he fell behind again with a bogey on the 15th.

Player picked up one stroke on the 10th when his approach shot hit a rake on the fringe of the green and bounced 50 feet to within three feet of the flag.

The Firestone Club is the site of the PGA National Championship July 20-23.



HEADED FOR HOME — All-star shortstop Bob Lombardi rounds third base and streaks for home to score third run in Marin Catholic's 4-0 victory over Lincoln of San Jose Saturday night in San Rafael. A double by freshman Rick Denning scored Lombardi from first base in the third inning. Marin Catholic won the Tournament of Champions by sweeping to victories over Westmoor of Daly City (2-1), Napa (2-1) and Lincoln (4-0).

Seven National League games drew only 568 fans less than nine American League games on yesterday's Memorial Day baseball schedule.

The N. L. schedule, two doubleheaders and three night games, attracted 128,062 fans while four doubleheaders — one a day-night affair — and one night game in the A.L. drew 128,630. The major league total was 256,692 compared with a total of 257,794 last year.

The day's biggest crowd —46,882 — saw the doubleheader between Philadelphia and the Mets in New York. The smallest — 8,039 — was on hand at Kansas City for a night game between Detroit and the Athletics.

Sohner Team Plays A Pair

After averaging close to a game a day for the past three weeks, Sohner Tree Service softballers of San Anselmo embark on a "light" schedule for this week with a Rose City League doubleheader in Santa Rosa tonight.

Sohner tangles with the Sebastopol Merchants in the 6:45 o'clock opener and then meets the Larkfield Merchants in the nightcap.

Sebastopol's Wes Nott, rated by many as the best pitcher in the area, will oppose Gary Swarm or Chuck Tyson in the first game.

Morey Swarm will hurl the second contest for Sohner against either Bob Hendley or Budd Spriggs.

Sebastopol currently leads the league with a 3-0 record while Sohner is third with a 2-1 mark. Larkfield has split its two games.

Sohner does not return to action after tonight until Saturday when Rector Motors of San Mateo invades Marin for a 7:30 p.m. North Coast Traveling League twin-bill at San Rafael's Albert Park.

Rector Motors is currently leading the six-team league with an 8-0 record while Sohner is tied for third with a 4-4 mark. Rector won the State Softball Championship last year and is strong favorite to repeat.

Creme Dela Creme To Pass Up Belmont; A Lucky Break For Jockey Brumfield

By TED MEIER
Associated Press Sports Writer

Everything's coming up roses for Don Brumfield these days.

The 28-year-old jockey from Nicholasville, Ky., rode Kauai King to victory in the Kentucky Derby and The Preakness and it looks as if he will win the Belmont Stakes with Kauai King on Saturday and become the first to sweep the Triple Crown in 18 years.

It seemed for awhile that Brumfield might be faced with a difficult choice Memorial Day after he won the $137,900 Jersey Derby astride Creme Dela Creme at Garden State Park.

But Don's good fortune stood up. He didn't have to choose between Kauai King and Creme Dela Creme in the Belmont.

Ira Hanford, trainer of the Jersey winner, eased Brumfield's mind. "We will not go in the Belmont," Hanford said. Instead Creme dela Creme will be shipped to Chicago for the Arlington Classic.

"I'm glad I don't have to make that decision," Brumfield said. "Both Kauai King and Creme dela Creme are great horses."

It was Creme dela Creme's seventh victory in eight starts and avenged his only defeat by a nose to Indulto in the Withers Mile at Aqueduct. This time he beat Indulto by two lengths altough running wide at the head of the stretch where he led by four lengths. Brumfield has been up on the Bwamazon Farm colt in all of his races.

Creme dela Creme shared the holiday headlines with Bold Lad, who made it four straight with an imposing ½ length victory in the $115,600 Metropolitan Handicap at Aeuduct. Mrs. H.C. Phipps' 4-year-old sped the mile in 1:34 1-5 despite the heavy impost of 132 pounds and became the favorite to sweep the handicap triple of the Metropolitan, Suburban and Brooklyn.

O'Bayley, vice-president this year, was formally elevated to the presidency at a meeting of the coaches. He succeeds Dick Hart of Redwood High School.

Tony Bailey, Redwood's track and field coach, was elected ivce-president while George Corson of Drake High was re-elected secretary. Corson also is the MCAL commissioner.

HOW TO PLAY

WINNING BRIDGE

By ALFRED SHEINWOLD

Everybody Ignores Nine, 10, But Cards Can Mean Winning Tricks

Pity the fate of a nine or a 10, especially in an unimportant suit.

Noboyd counts points for such a card, and all too often it gets neglected in the play of the cards just as it is ignored in the bidding.

West opened the eight of diamonds, and declarer could hardly wait to play dummy's king. He was punished for disregarding the 10 and nine of diamonds.

EAST TOOK TRICK

East took the first trick with the ace of diamonds and returned the queen of clubs.

South stepped up with the ace of clubs, drew trumps and led another club from dummy in the hope of getting a second club trick.

If he could develop a club trick in time he might be able to discard a spade from dummy.

As it happened, the clubs badly placed. Moreover, West returned a spade as soon as he won his first club trick.

South had to lose two clubs and a spade in addition to the first diamond trick. Down one.

VITAL NINE

South should play the low diamond from dummy at the first trick instead of the king. East must put up the jack of diamonds to win the trick, thanks to that vital nine of diamonds in the South hand.

East returns the queen of clubs, and South wins with the ace. South draws trumps with the kang and ace and then leads the king of diamonds from dummy.

CANNOT GAIN

East cannot gain by playing low, since South would just discard. If East plays the ace of diamonds, his best chance to win the trick since South might have the missing six of diamonds, South ruffs.

Now South leads a trump to dummy and can discard either two spades or two clubs on the queen and ten of diamonds. Either way, the game contract is assured.

DAILY QUESTION

Partner opens with one diamond, and the next player passes.

You hold:

♠ J 9 5 4 3
♡ 4 2
♢ 8 6
♣ K 10 8 6

What do you say?

ANSWER: Pass.

You have only four points in high cards, not enough for a response to the opening bid of one in a suit.

You could respond to an opening bid of one spade, since then you could count points for two doubletons and also for the fifth spade.

Owner **Mrs. June Embury** has been in this business about 30 years in San Francisco and for a time had a store in Stonestown. She will carry low-calorie foods, salt-free foods, allergy foods, vitamins and whole grain foods. Hours are scheduled to be from 10 a.m. to 6 p.m. Mondays through Saturdays - extended to 9 p.m. on Friday nights.

She and husband **Howard** have lived in Kentfield about 20 years. He is in the contracting business and is now remodeling the store for her use. Though open to the public on the 10th, a grand opening affair is programmed for the 16th, with prizes and gifts to be given out.

OPEN ABOUT TWO WEEKS in Novato is **Novato News and Books** at 1007 Grant Avenue - an entirely new venture for former newspaperman **Arnold C. Ersland** of Santa Rosa.

Ersland carries out-of-country newspaper and magazines - with several editions from France, Germany and England, and quite a stock of books. He has 200 hard cover and 1,000 paper back popular volumes, about 1,500 volumes of quality literature and some 2,000 tomes of used books. BETTENCOURT'S FURNITURE in Novato is selling all its stocks on the north side of Grant Avenue (806-808 Grant) at auction next Friday night, Saturday afternoon and evening and Sunday afternoon and evening until everything is gone. Terence Heavey Co. is the auctioneer.

This does **not** mean Bettencourt's is going out of business. Owner **Wilford H. Bettencourt** says inventories are too large. Store on the south side (811 Grant Avenue) will continue in operation as heretofore.

MIX 'N MATCH women's apparel store at 869 Grant Avenue - which has been in that same area about 11 years - will have a change of scenery in its next move to take place about July or August.

New location will be in the Novato-Fair Shopping Center, where a lease has been taken for 3,000 square feet. **Mrs. Alice Worrell** of Novato is the manager here. Headquarters of the business are in Petaluma and a third store is located in Vacaville.

Stock Market Shuts With A Sharp Loss

NEW YORK (AP)—The stock market closed with a sharp loss today.

The decline wiped out about half of last week's sizable recovery.

Aerospace issues were weak, with Boeing down about 4 and Douglas Aircraft and General Dynamics down around 2 in late dealings.

The market was mixed in early trading then began to work irregularly lower. Declines widened as the session wore on.

Volume for the day was estimated at 5.6 million shares compared with 4.79 million Friday.

Losses were wider among the fast-stepping glamor issues, Polaroid and Xerox, both ex-dividend, lost between 5 and 6 points.

IBM dropped more than 7 as its stock rights offering got under way.

Eastern Air Line was off about 4, Boeing 3.

Steels, helped by indications of continued strong buying for steel, posted a string of moderate gains.

Motorola lost more than 5, Northwest Airlines and Fairchild Camera 3, Comsat and Texas Gulf Sulphur 2, Texas Instruments 5.

Benguet, the Philippine gold miner, looked like the most active issue and edged higher. Homestake, another gold miner, rose more than 2.

Teledyne, which rose 35½ points last week, fell half a dozen points.

Down a point or more were Magnaovx, SCM, Gulf & Western, Admiral and KLM. Brainff Airways lost more than 2.

Sundstrand (ex-dividend) rose about 2, Champion Paper nearly 3, Johnson & Johnson about 2½.

Gains of nearly a point were posted for Lukens Steel and Jones & Laughlin. U.S. Steel, Bethlehem and Republic Steel held fractional gains.

Parke, Davis and Merck lost fractions, Pfizer about a point.

Prices declined in active trading on the American Stock Exchange.

More Color TV Recorders Sold

REDWOOD CITY — Ampex Corp. has received a contract for more than $1 million from Columbia Broadcasting System for 11 VR-2000 high band color videotape recorders and accessories.

The order increases to 31 the number of VR-2000 videotape recorders purchased from the company by CBS.

The network will use the equipment to record original color television programs and for time delay of live network programs.

The Husband Said . . .

"Selling my house was no trouble at all. All I did was tell my broker to 'Put it in Multiple Listing.' He handled every single detail . . . He found the buyer, arranged the finance for him and closed the deal. All I did was sign the deed."

The Wife Said . . .

"The thing I like the most was the way they showed my house. They never showed it until they had first called and made an appointment. They only showed it to people who were qualified to purchase it. All lookers were accompanied by a broker who answered all of their questions pertaining to the property."

And best of all,
"It cost not a penny more."

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Farmers Often Exposed To Dust, Resulting In Odd Lung Disease

VAN DELLEN

Farming involves tasks in the barn, hen house, wood lot, fields, and garden. Dusts, including material from fungi, moldy hay, grain, pigs, cattle, and birds may cause serious disorders. All of these have been blamed for farmer's lung, the main occupational disease among agricultural workers. Authorities are not certain whether the symptoms stem from an allergy, infection, or mechanical irritation that ensues when the particles are inhaled. At any rate, improvement occurs when the victims avoid this type of work.

A 47-year-old dairy farmer developed fever, weakness, shortness of breath, and a feeling of pressure over the breast bone. He delayed seeing his physician for six weeks because the condition was better one day and worse the next. He thought he had a cold, but when questioned, recalled that discomfort began shortly after his first exposure to chopped moldy hay.

EACH DAY the material was spread about the barn as bedding for the young stock. Sputum studies and chest X-rays led to a diagnosis of farmer's lung. He improved rapidly while hospitalized and was advised to change occupations. It was not until he became short of breath after revisiting the barn that he was convinced and became a truck driver.

Chills, fever, cough, weakness, and shortness of breath ensue within six hours after exposure to the irritants. The disorder is suspected when the symptoms recur after repeated exposures. The disease is serious and means that the farmer must look for a new livelihood. Some climates are more conducive to the condition because the forage does not have time to dry before it is stored in the barn or outside in a stack. Spoilage encourages decomposition leading to considerable amounts of dust laden with moldy material.

PIGEON AND parrot breeders contract an identical condition initiated by inhaling dust containing bird excreta. In all probability, pigeon-breeder's lung is a variation of farmer's lung and other such conditions as thresher's chills, haymow fever, grain asthma, byssinosis (cotton dust), weaver's cough (moldy cotton yarn), and mill fever.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request.)

WANTS ANSWER

T. U. writes: How long does it take to receive an answer in your column?

REPLY

The majority of letters are answered promptly but more than a month is required for processing. Some letters are not answered in the column because they lack general interest or are unsuitable. To be certain of a reply, a stamped, self-addressed envelope should be enclosed with the letter.

TOEING-IN

L. L. writes: Would wearing the right shoe on the left foot and vice versa correct pigeon-toes in a child?

REPLY

Yes, but it may be easier to correct with passive stretching or with special devices on shoes.

NOT FATAL

Mrs. D. writes: Do some women die of the menopause?

REPLY

The menopause does not cause death. When a woman dies during this period, some other cause is responsible.

LAZY GALL BLADDER

F. M. writes: Could a non-functioning gall bladder cause a bad taste in the mouth?

REPLY

Yes, but only as part of the associated indigestion.

BREAKING A HABIT

A. Q. writes: Is there any way to stop or lessen excessive expectoration? On waking up mornings I do this for about three hours and sometimes I keep spitting all day long.

REPLY

Expectoration can become a habit. Do what the rest of us do and let the excess flow into the stomach.

MOLES AND WARTS

T. P. writes: How do moles and warts differ?

REPLY

Moles are made of blood vessels and/or pigment; whereas warts are an overgrowth of skin, representing a reaction of a viral invasion.

ACTIVE TB

S. T. writes: Is there a law that would compel a person with active tuberculosis to enter a sanitorium?

REPLY

No, but should be. In some areas there are laws to protect healthy persons from being exposed to victims of active tuberculosis.

Scientists Make Tough Ceramics

LOS ANGELES (AP)—A new process that strengthens ceramics by squeezing — similar to pre-stressing concrete — has been discovered by two engineers at the University of California at Los Angeles.

Professors Francis R. Shanley and William J. Knapp said Monday they applied 10,000 pounds pressure per square inch along the sides of a brittle piece of ceramic tile and found the tile became eight to ten times stronger.

They said the same process also keeps ceramics from cracking under the thermal shock of sudden heating.

Shanley and Knapp said the ceramics materials could be used in a wide variety of new applications.

Workman Charged On Missing Wallet

William H. Barfield, 20, of 815 Mission Avenue, San Rafael, was booked Friday at the county jail for petty theft in connection with the theft of a wallet containing $24, belonging to Susan Downey of 703 Bradley Avenue, Novato.

Bomb Hurts Two In Phone Booths

NEW YORK (AP) — One woman suffered a serious eye injury and another was hurt slightly when a bomb exploded in a telephone booth in a Manhattan subway station.

The explosion yesterday was beneath the Municipal Building, a short distance from City Hall.

It tore apart two phone booths and showered glass and metal in an area where about 10 persons were walking.

Doctors removed glass fragments from the right eye of Carrie Mangum, 38, of Brooklyn, and said she would need more surgery.

The other injured woman, Maria Ortez, 18, of the Bronx, was cut slightly by flying glass.

Rocket Blowup Blamed On Error

BAY ST. LOUIS, Miss. (UPI) —A panel of top-ranking space experts yesterday blamed the failure to reconnect a pressure sensing line for the second-stage explosion of a Saturn rocket Saturday.

The preliminary report came failure apparently was a human error.

The board of inquiry said the after two days of probing into the circumstances surrounding the explosion of a fuel tank on the Saturn's second stage. The explosion occurred while the tank was being filled with helium to determine where a leak was that had cut short an earlier test.

Woman Lawyer Hurt In Collision

LOS ANGELES (AP)—Attorney Gladys Towles Root, known for flamboyant attire in the courtroom, is hospitalized today with serious injuries suffered in a traffic accident.

Police said Mrs. Root, 61, possibly fractured her right hip and knee and was cut about the face and head yesterday when the car in which she was riding ran into another vehicle.

Driver of the car was her office manager, identified by police as J. R. Chown, 47. His nose was bloodied. Occupants of the other car were not injured, police said.
